What if you were told that the revered leader Abraham Lincoln was actually a political tyrant who stifled his opponents by suppressing their civil rights? What if you learned that the man so affectionately referred to as the " Great Emancipator " supported white supremacy and pledged not to interfere with slavery in the South? Would you suddenly start to question everything you thought you knew about Lincoln and his presidency? You should. Thomas J. DiLorenzo, who ignited a fierce debate about Lincoln ' s legacy with his book The Real Lincoln, now presents a litany of stunning new revelations that explode the most enduring (and pernicious) myths about our sixteenth president. Marshaling an astonishing amount of new evidence, Lincoln Unmasked offers an alarming portrait of a political manipulator and opportunist who bears little resemblance to the heroic, stoic, and principled figure of mainstream history. Did you know that Lincoln . . . · did NOT save the union? In fact, Lincoln did more than any other individual to destroy the voluntary union the Founding Fathers recognized. · did NOT want to free the slaves? Lincoln, who did not believe in equality of the races, wanted the Constitution to make slavery " irrevocable. " · was NOT a champion of the Constitution? Contrary to his high-minded rhetoric, Lincoln repeatedly trampled on the Constitution—and even issued an arrest warrant for the chief justice of the United States! · was NOT a great statesman? Lincoln was actually a warmonger who manipulated his own people into a civil war. · did NOT utter many of his most admired quotations? DiLorenzo exposes a legion of statements that have been falsely attributed to Lincoln for generations—usually to enhance his image. In addition to detailing Lincoln ' s offenses against the principles of freedom, equality, and states ' rights, Lincoln Unmasked exposes the vast network of academics, historians, politicians, and other " gatekeepers " who have sanitized his true beliefs and willfully distorted his legacy. DiLorenzo reveals how the deification of Lincoln reflects a not-so-hidden agenda to expand the size and scope of the American state far beyond what the Founding Fathers envisioned—an expansion that Lincoln himself began. The hagiographers have shaped Lincoln ' s image to the point that it has become more fiction than fact. With Lincoln Unmasked, DiLorenzo shows us an Abraham Lincoln without the rhetoric, lies, and political bias that have clouded a disastrous president ' s enduring damage to the nation.

A former "San Francisco Chronicle" reporter continues his account of the series of murders committed in California beginning in 1968, by revealing the final solution to the crimes that had baffled investigators for more than thirty years.

ENEMIES LIST will also examine the campaigns for the 2018 midterms – and the results – which will provide the most comprehensive, detailed, and explosive analysis to date of how the media stokes divisiveness in American politics.

Race, while drawn from the visual cues of human diversity, is an idea with a measurable past, an identifiable present, and an uncertain future. The concept of race has been at the center of both triumphs and tragedies in American history and has had a profound effect on the human experience. Race Unmasked revisits the origins of commonly held beliefs about the scientific nature of racial differences, examines the roots of the modern idea of race, and explains why race continues to generate controversy as a tool of classification even in our genomic age. Surveying the work of some of the twentieth century's most notable scientists, Race Unmasked reveals how genetics and related biological disciplines formed and preserved ideas of race and, at times, racism. A gripping history of science and scientists, Race Unmasked elucidates the limitations of a racial worldview and throws the contours of our current and evolving understanding of human diversity into sharp relief.

Shows how the most creative minds in science used tools that can help us improve our creative abilities. Geniuses are not omnipotent. They are just very skilled at employing the creativity toolbox highlighted in this book, including finding the right question, observation, analogy, changing point of view, dissection, reorganization, the power of groups, and frame shifting.

In an era in which sexual sin is destroying marriages and families, toppling government leaders, causing rampant STDs among a generation, ravaging entire nations throug AIDS, and inviting God's judgment on nations, Unmasked is a book with revelation that could change our very culture.
