A romantic interpretation of French country style in a California cottage. With beautiful photography and a tale about a little forgotten house that could, Courtney shares the story of her renovation of a 1940s cottage in the California countryside. An abandoned vacation house, set in the center of rolling fields and trees becomes the cottage home of her dreams. . . . a French country style cottage filled with original elements and an exquisite mix of rustic and refined. The years of renovation allowed Courtney to create a lifestyle that is fueled by inspiration and beauty, a touch of whimsy, and an abundance of everyday elegance. The journey has been shared on her popular blog French Country Cottage, and now, through the publication of her first book, her readers will experience a reveal of more of her home and property and the inspirations behind her beloved style. Courtney's inspiring photography reveals every nuance of her style and home including a muted color palette, old brassy door knobs, chippy paint, antiques, her greenhouse and garden, and an abundance of entertaining and holiday decorating style. Blurring the lines between indoor and outdoors and embracing well worn as well loved, French Country Cottage is a style that celebrates simplicity, indulges in romance, cherishes pieces with history and believes a chandelier and fresh flowers belong in every room. A freelance photographer and author of the blog French Country Cottage, Courtney also works as an editor, brand ambassador and designer. She has a floral collection with Balsam Hill and with several licensed collections launching in 2018 and 2019, Courtney's product lines will join her long list of creative accomplishments. Her photography and home has been featured in magazines in the US and Europe including several cover shots. Courtney is a mother of three and lives in her vintage cottage in the California countryside with her husband and adopted dog Sweet Pea; you can often find her with camera in hand capturing a whimsical moment.

Nestled amid the lush, gently rolling hills of cattle and horse farms in Millbrook, New York, is a handsome Greek Revival house that looks like it s always been there. In fact, it is brand new the collaborative effort of architect Peter Pennoyer and his wife, interior designer Katie Ridder. This irresistible book, exquisitely illustrated with photographs, finely rendered plans, and hand-painted illustrations, tells the home s story. The design followed Pennoyer s conviction that historical examples are a springboard for the imagination and offer compelling solutions for new architecture. So, though many characteristics of the house are classical, and, more specifically, Greek Revival, it is also thoroughly contemporary and environmentally friendly, with an exuberantly colorful interior and spectacular gardens."

An Irish Country Cottage is a charming entry in Patrick Taylor's beloved New York Times and internationally bestselling Irish Country series. The New Year brings challenges and changes to the colorful Irish village of Ballybucklebo. The Christmas holidays have barely passed before a fire engulfs the humble thatched cottage housing of Donal Donnally and his family. Although the family escapes the blaze more or less unscinged, Donal, his wife, their three small children, and their beloved dog find themselves with nothing left but the clothes on their back. Good thing Doctors O'Reilly and Laverty are on hand to rally the good people of Ballybucklebo to come to their aid. Rebuilding the cottage won't be quick or easy, but good neighbors from all walks of life will see to it that the Donallys get back on their feet again, no matter what it takes. Meanwhile, matters of procreation occupy the doctors and their patients. Young Barry Laverty and his wife Sue, frustrated in their efforts to start a family, turn to modern medicine for answers. O'Reilly must tread carefully as he advises a married patient on how to avoid another dangerous pregnancy. As a new and tumultuous decade approaches, sectarian division threaten to bring unrest to Ulster, but in Ballybucklebo at least, peace still reigns and neighbors look after neighbors. The amazing story of the charming little cottage that could—and the woman who rescued it "Tereasa's journey of renovation and resurrection proves that any one of us can make a difference when it comes to preservation." --James Peters, President. Landmarks Illinois When Tereasa Surratt decided to restore a dilapidated old cabin to its original state AND move it 245 miles from Illinois to Wisconsin, everyone said she was crazy. But she saw potential where others saw junk, and knew that with hope and a hammer there is always a way. To her, this cottage was not just a building, but a precious piece of her childhood and hometown that she was determined to keep alive. A Very Modest Cottage follows Tereasa's adventures as she rescues this gone-to-ruin cabin and gives it new life as a guest cottage on the edge of the woods overlooking a peaceful lake. Moreover, she achieved her goal on a budget of around \$300. Part how-to guide, part scrapbook, and completely inspiring, this special memoir shows how even the simplest architecture can have a powerful emotional affect...and that when you roll up your sleeves and work to make a dream come true, anything is possible.
