Evidence makes or breaks a case. Claims can reach a favorable resolution and lawsuits are won or lost on the basis of which party has the evidence to support their position. Long before any lawyer becomes involved, the claims professional must gather evidence in their claim. This book aids the claims professional in understanding the law of evidence. Therefore, they will be more effective at developing, evaluating and bringing their claims to a successful resolution.

BOOK PRIZE 2012 This is the second, revised edition, of what has become and was described by the English Court of Appeal in C v D as the standard work on Bermuda Form excess insurance policies. The Form, first used in the 1980s, covers liabilities for catastrophes such as serious explosions or mass tort litigation and is now widely used by insurance companies. It is unusual in that it includes a clause requiring disputes to be arbitrated under English procedural rules in London but, surprisingly, subject to New York substantive law. This calls for a rare mix of knowledge and experience on the part of the lawyers involved, each of whom will also be required to confront the many differences between English and US legal culture. A related feature of the Form is that the awards

of arbitrators are confidential and not subject to the scrutiny of the courts.

Therefore, while many lawyers have been involved in litigating on the Bermuda Form their knowledge remains locked away. The Bermuda Form is thus not well understood, a situation not helped by the lack of publications dealing with it.

Accordingly, those required to deal with the Form professionally are confronted with a lengthy and complex document, but with very little to aid their understanding of it. This unique and comprehensive work offers a detailed commentary on how the Form is to be construed, its coverage, the substantive law to be applied, the limits of liability, exceptions, and, of course, the procedures to be followed during arbitration proceedings in London. This is a book which will

regarding how insurance carriers should be handling claims. Failure to follow these requirements may lead the insurance carrier into owing penalties in addition to the original value of the claim. Mark Courtois applies his 25 year insurance defense background to give adjusters what they need to know to handle Texas insurance claims correctly. Topics covered in this Guide include: the Prompt Payment of Claims Act, bad faith, unfair settlement practices, subrogation, policy limits demands, and the Texas Deceptive Trade Practices Act. Special worksheets are provided to assist adjusters in responding timely to the time deadlines of first party claims, the time deadlines of responding to an insurance code or deceptive trade practices demand, and a policy limits
