~~Genesis Fleet Audiobooks | Audible.com~~

This is book two of the Genesis Fleet Series. It is a prequel to the Lost Fleet Series. Campbell is a master storyteller. The book is well written and has the most interesting characters. The book contains lots of action and a great space battle. I have become a big fan of Campbell and cannot wait for his next book. The book is ten hours.

~~Ascendant: The Genesis Fleet, Book 2 by Jack Campbell ...~~

This new series, "Genesis Fleet" is set in the time before the "Lost Fleet", in other words, it is a prequel to the "Lost Fleet Series". War weary Earth refuses to be the policeman of the universe any more. Without a universal policeman to keep order, the pirates and two-bit plundering dictators are in full force.

~~Vanguard (The Genesis Fleet, #1) by Jack Campbell~~

Ascendant is the second book in a new series that is off to a great start. Campbell's past series were also enjoyable quality reads. If reading is your pass time and sci fi your guilty pleasure, you can't go wrong here. Take my advice and start with the "Lost Fleet" series first, it will make Ascendant even more enjoyable when you get here.

Last Updated: December 22, 2019 The Divergent Series: Ascendant was supposed to wrap up the sci-fi saga but was eventually abandoned, and here's why that cancellation occurred. Following the huge success of The Hunger Games franchise starring Jennifer Lawrence, there was a short-lived fad of movie adaptations of YA sci-fi novels. This included The Maze Runner trilogy and The Divergent Series ...

~~Divergent Series: Ascendant - Why The Final Movie Was Canceled~~

The Lost Star Series formerly known as The Phoenix Stars is also part of The Lost Fleet Universe. Each book has a start and an ending, so you can stop after any of the books with a sense of closure. But each book but makes strong references to prior books and characters in the series, so reading them order is highly recommended.

~~The Lost Fleet Series by Jack Campbell - Goodreads~~

The Book of Genesis begins with two contradictory creation accounts (1:1-2:3 and 2:4-3:24). In the first, God created humans (male and female) after he finished making all of the other animals. In the second, God made one man ("Adam") and then created all of the animals in order to find a helpmeet for Adam.

A young fleet officer and a Marine stand together to defend their colony in the continuation of the powerful and action-packed Genesis Fleet saga from New York Times bestselling author Jack Campbell. In the three years since former fleet officer Rob Geary and former Marine Mele Darcy led improvised forces to repel attacks on the newly settled world of Glenlyon, tensions have only gotten worse. When one of Glenlyon's warships is blown apart trying to break the blockade that has isolated the world from the rest of human-colonized space, only the destroyer Saber remains to defend it from another attack. Geary's decision to take Saber to the nearby star Kosatka to safeguard a diplomatic mission is a risky interpretation of his orders, to say the least. Kosatka has been fighting a growing threat from so-called rebels--who are actually soldiers from aggressive colonies. When a "peacekeeping force" carrying thousands of enemy soldiers arrives in Kosatka's star system, the people of that world, including Lochan Nakamura and former "Red" Carmen Ochoa, face an apparently hopeless battle to retain their freedom. It's said that the best defense is a good offense. But even if a bold and risky move succeeds, Geary and Darcy may not survive it...

"Earth is no longer the center of the universe. After the invention of the faster-than-light jump drive, humanity is rapidly establishing new colonies. But the vast distances of space mean that the old order of protection and interstellar law offered by Earth has ceased to exist. When a nearby world attacks, the new colony of Glenlyon turns to Robert Geary, a young former junior fleet officer, and Mele Darcy, a onetime enlisted Marine. With nothing but improvised weapons and a few volunteers, Geary and Darcy must face down warships and armored soldiers--or die trying"--

A young fleet officer and a Marine stand together to defend their colony in the continuation of the powerful and action-packed Genesis Fleet saga from New York Times bestselling author Jack Campbell. In the three years since former fleet officer Rob Geary and former Marine Mele Darcy led improvised forces to repel attacks on the world of Glenlyon, Old Earth and the Old Colonies have continued to shrink their military forces. But open warfare erupts once again when Glenlyon tries to force open a trade route. Isolated and alone, Glenlyon places its hope in informal agreements with other worlds also facing attack. But fiercely independent worlds settled by people who wanted to escape higher authority don't easily agree to such commitments. The New York Times bestselling author of The Lost Fleet novels continues with a brand new military science fiction series.

A young fleet officer and a Marine must stand together to defend their neighbors and their colony. The recently colonized world of Glenlyon has learned that they're stronger when they stand with other star systems than when they are on their own. But after helping their neighbor Kosatka against an invasion, Glenlyon has become a target. An attack is launched against Glenlyon's orbital facility with forces too powerful for fleet officer Robert Geary to counter using their sole remaining destroyer, Saber. Mele Darcy's Marines must repel repeated assaults while their hacker tries to get into the enemy systems to give Saber a fighting chance. To survive, Glenlyon needs more firepower, and the only source for that is their neighbor Kosatka or other star systems that have so far remained neutral. But trying to convince other worlds to help is a seemingly hopeless struggle. As star systems founded by people seeking freedom and autonomy, will Kosatka, Glenlyon, and others be able to overcome deep suspicions of surrendering any authority to others? Will the free star systems stand together in a new alliance or fall alone?

Admiral John "Black Jack" Geary may have saved the Alliance only to destroy it, in this thrilling and eagerly awaited continuation of the New York Times bestselling series. Geary believed in the Alliance. Even when he uncovered overwhelming evidence that the highest echelons of the government and fleet

command were involved in secret programs and prison camps, he believed it was worth saving. And that his duty was to see that justice was served even though some factions feared that revealing the truth would cause the Alliance to crumble. But after narrowly surviving two assassination attempts when he brings evidence of the misdeeds to the capital star system, Geary realizes that some have decided the easiest way to make the Alliance's problems go away is to get rid of him. He finds himself ordered to undertake a perilous new mission outside of the reaches of human-occupied space while the Senate clashes over the evidence. Geary's warships must escort a diplomatic and scientific mission across the dangerous, disintegrating remnants of the Syndicate Worlds empire. But even if he can make it to Midway Star System, the gateway to alien-controlled space, Geary will face former Syndicate officials who have rebelled and regard the Alliance with deep suspicion. And that will be the easy part. . . .

HE STARTED A REBELLION. NOW HE'LL HAVE TO LEAD IT. United States military forces on the moon have overthrown the ranking officers and placed Sergeant Ethan Stark in command. Now, in addition to fighting a merciless enemy on the moon's surface, Stark must contend with the U.S. government's reaction to his mutiny. The Moon's American civilian colony has offered to assist the military with food and supplies on one condition: that Stark's troops back the Colony's plea for independence. In order to survive, civilian and soldier must learn to trust one another, as one man's cause becomes a crusade...

New York Times? ?bestselling author Jack Campbell latest ?novel ?in the Lost Fleet series continues the story of Rob Geary and Mele Darcy fighting desperately to defend their world. A young fleet officer and a Marine stand together to defend their colony in the continuation of the powerful and action-packed Genesis Fleet saga from New York Times bestselling author Jack Campbell. In the three years since former fleet officer Rob Geary and former Marine Mele Darcy led improvised forces to repel attacks on the world of Glenlyon, Old Earth and the Old Colonies have continued to shrink their military forces. But open warfare erupts once again when Glenlyon tries to force open a trade route. Isolated and alone, Glenlyon places its hope in informal agreements with other worlds also facing attack. But fiercely independent worlds settled by people who wanted to escape higher authority don't easily agree to such commitments. While politicians try to bring some kind of formal alliance into being, Geary and Darcy once again find themselves fighting desperately to defend their world, hoping they can hold out until help arrives. If it comes at all...

Returning from survival hibernation and assuming the command of the Alliance fleet, legendary hero Captain John "Black Jack" Geary must retrieve the stolen Syndic hypernet key to save the Alliance from destruction at the hands of the Syndics. Original.

-The New York Times bestselling author of The Lost Fleet series returns to the -strong saga-\* of a rebellion against a totalitarian regime, and the determination of two people to create a better future in the farthest reaches of the colonized galaxy... The Syndicate Worlds continues to splinter as more star systems pledge allegiance to President Gwen Icení, General Artur Drakon, and the new government they're establishing at Midway. But the toxic legacy of Syndicate rule undermines their efforts as the rebels encounter difficulty trusting one another and believing their new leaders' promises of freedom from tyranny. Before Icení and Drakon can put their house in order, they must deal with another threat. An enigma warship has appeared and vanished near a Syndic colony. If the aliens are capable of jumping into other human-occupied star systems, then billions of people could be vulnerable to a hostile invasion fleet anywhere it chooses to strike. But an even greater liability lies with Icení and Drakon as a once-trusted adviser turned saboteur plans revenge..---

Admiral Geary's First Fleet of the Alliance has survived the journey deep into unexplored interstellar space, a voyage that led to the discovery of new alien species, including a new enemy and a possible ally. Now Geary's mission is to ensure the safety of the Midway Star System, which has revolted against the Syndicate Worlds empire—an empire that is on the brink of collapse. To complicate matters further, Geary also needs to return safely to Alliance space not only with representatives of the Dancers, an alien species, but also with Invincible, a captured warship that could possibly be the most valuable object in human history. Despite the peace treaty that Geary must adhere to at all costs, the Syndicate Worlds regime threatens to make the fleet's journey back grueling and perilous. And even if Geary escorts Invincible and the Dancers' representatives home unharmed, the Syndics' attempts to spread dissent and political unrest may have already sown the seeds of the Alliance's destruction...
