"This textbook covers all the theory and technology sections that students need to learn in order to pass level 1, 2 and 3 automotive courses from the Institute of Motor Industry, City & Guilds and other exam boards. It has been produced in partnership with ATT Training and is a companion to their online learning resources. Learning is made more enjoyable and effective as the topics in the book are supported with online activities, video footage, assessments and further reading. If you are using ATT Training materials then this is the ideal textbook for your course"--

The subject matter is presented in the most concise, to-the-point and lucid manner

This book examines continuity and change of identity formation processes at work under conditions of modern working processes and labor market flexibility. By bringing together perspectives from sociology, psychology, organizational management, and vocational education and training, it connects the debates of skills formation, human resources development, and careers with individual's work commitment and professional orientations.

In order to do business effectively in contemporary South Asia, it is necessary to understand the culture, the ethos, and the region's new trading
