The price of this book is a small amount to invest for such a large return!Study with this valuable book - and prepare for success!

The first book in a funny, heartfelt, and irresistible young middle grade series starring an unforgettable young boy on the autism spectrum, from acclaimed author Elana K. Arnold and with illustrations by Charles Santoso. For Bixby Alexander Tam (nicknamed Bat), life tends to be full of surprises—some of them good, some not so good. Today, though, is a good-surprise day. Bat ' s mom, a veterinarian, has brought home a baby skunk, which she needs to take care of until she can hand him over to a wild-animal shelter. But the minute Bat meets the kit, he knows they belong together. And he ' s got one month to show his mom that a baby skunk might just make a pretty terrific pet. "This sweet and thoughtful novel chronicles Bat ' s experiences and challenges at school with friends and teachers and at home with his sister and divorced parents. Approachable for younger or reluctant readers while still delivering a powerful and thoughtful story" (from the review by Brightly.com, which named A Boy Called Bat a best book of 2017).

Rated "Best of the Best" in Police Exam Prep Books by BestReviews, September 2018 This updated manual presents information, practice tests, and strategies for the different question types used by police departments throughout the country. It includes: Four full-length practice exams with all questions answered and explained Two official exams given by a large metropolitan police department Streamlining of chapters to more closely reflect the latest question types currently in use General strategies for dealing with multiple-choice questions and specific strategies for taking computer-based multiple-choice tests, as well as for taking the traditional paper/pencil multiple-choice exam All important time management strategies New reading comprehension question types, plus strategies for answering these questions An additional diagnostic exam presents questions like those that have appeared on recent entry-level exams used by police departments across the country. Also included are test-taking tips for all question types, suggested rules for effective study, and a detailed description of a police officer ' s duties. Updated chapters take into account the recent trend by police departments to rely on oral interviews and computerized testing when selecting police officers.

Introduction by Kevin Baker The Natural, Bernard Malamud's first novel, published in 1952, is also the first—and some would say still the best—novel ever written about baseball. In it Malamud, usually appreciated for his unerring portrayals of postwar Jewish life, took on very different material—the story of a superbly gifted "natural" at play in the fields of the old daylight baseball era—and invested it with the hardscrabble poetry, at once grand and altogether believable, that runs through all his best work. Four decades later, Alfred Kazin's comment still holds true: "Malamud has done something which—now that he has done it!—looks as if we have been waiting for it all our lives. He has really raised the whole passion and craziness and fanaticism of baseball as a popular spectacle to its ordained place in mythology."

Paul Fisher sees the world from behind glasses so thick he looks like a bug-eyed alien. But he ' s not so blind that he can ' t see there are some very unusual things about his family ' s new home in Tangerine County, Florida. Where else does a sinkhole swallow the local school, fire burn underground for years, and lightning strike at the same time every day? The chaos is compounded by constant harassment from his football – star brother, and adjusting to life in Tangerine isn ' t easy for Paul—until he joins the soccer team at his middle school. With the help of his new teammates, Paul begins to discover what lies beneath the surface of his strange new hometown. And he also gains the courage to face up to some secrets his family has been keeping from him for far too long. In Tangerine, it seems, anything is possible.
