Beyond the Bodyguard is endorsed by a wide range of industry experts.

The title of this book: CAN I SEE YOUR HANDS refers to one of the key outcomes of this book-- being able to tell whether or not people want to cause us harm. To put it very simply, if you can see someone's hands and they are not concealing them, holding a weapon or positioning to strike you, one's levels of trust and confidence can increase. This simple example can serve as a reminder to all of us in many of the complex moments we have to deal with, and difficult decisions we have to make, in everyday life.

Rome was liberated on 5 June 1944 but the Italian campaign had another eleven gruelling months to run. The US Fifth and British Eighth Armies drove across the Arno River, capturing Florence on 5 August. Once again The Wehrmacht's Tenth and Fourteenth Armies eluded destruction, withdrawing into the Gothic Line in the Northern Apennines. The Eighth Army, advancing along the Adriatic coast and the Fifth Army in the mountains north of Florence penetrated this strong German defensive belt between 25 August and the end of September. Yet the Allied campaign stalled due to a lethal combination of supply and manpower shortages, the early onset of winter and the rugged terrain favouring the German defenders.The Allied April spring offensive saw Eighth Army breakthrough the Argenta Gap into the Po Valley, while Fifth Army captured Bologna.. After crossing the Po River the Allies fanned out across Northern Italy, before the Nazi surrender on 3 May 1945.These dramatic events are described in words and images in this superb Images of War book.

Krav Maga: Real World Solutions to Real World Violence presents a no-nonsense approach to neutralizing attackers in close quarters. Author Gershon Ben Keren explains the philosophy behind the Krav Maga method, which is the basis of the Israel Defense Force's (IDF) devastating close combat system. This book lays out a systematic approach to self-defense and provides illustrated confrontation scenarios paired with tailored practical responses. Accompanied by clear, easy-to-follow photographs, practical combat skills are described in step-by-step detail, along with the movement patterns needed to make them effective in real-life settings. All of the photos in the book were shot in real-time, demonstrating what realistic movements—both from the attacker's and defender's perspective—look like. Where applicable, techniques have been shot in the scenarios in which they occur such as bars, restrooms, ATMs, etc. The situational components of such violent incidents are explained, so the reader can learn to identify, predict, and avoid violence before it occurs. Contents of this Krav Maga book include: What is Krav Maga? Krav Maga Yashir Introduction to author Gershon Ben Keren Basic Skills (Stances, Movement, Blocking and Striking)—The Timeline of Violence; Controlling Range; Relative Body Positioning; Groin Kick; Driving Knee Self-Defense Scenarios—Knife Disarming; Gun to Front of Body; Abductions and Hostage Taking; Knife Shank; Improvised Weapons Unarmed Assaults and Dynamic Components of Violence—Preventing a Front Headlock; Applying an Effective Guillotine; Defending Knees in a Clinch and more!

Praise for Facilitating Group Learning "In this engaging and accessible book, George Lakey draws on a lifetime's experience to provide a highly practical resource to anyone seeking to understand and respond to the complexities of group work. The book will be invaluable to anyone trying to effect social change through groups while striving to stay simultaneously sane and employed."—Stephen D. Brookfield, Distinguished University Professor, University of St. Thomas "I've been working with forms of direct education for many decades, and I found new ideas and inspirations in every chapter. For anyone involved in teaching, training, sharing skills, or leading groups, this book is an invaluable resource!"—Starhawk, author, The Earth Path, Dreaming the Dark, and Webs of Power "George Lakey has inspired our union to engage in education in a way that challenges us to redefine social justice and equality in new and exciting ways. This book helps us to continue our journey to touch the souls of union members."—Denis Lemelin, national president, Canadian Union of Postal Workers "Facilitating Group Learning will ease the way of all who venture into the white waters of facilitation. George clarifies the most basic, complex, and nagging challenges of facilitation, while honoring the realities of individual and social power dynamics and providing real-life examples from the path of continued growth and mastery. A rare gift!"—Niyona D. Spann, founding president, TRV Consulting and Beyond Diversity 101 "This book is a must-read for people who teach adults of any age, no matter what the subject, and care about doing it in ways that yield deep and abiding learning. Wonderfully well-written and rich with psychological and spiritual insights as well as practical strategies, it represents the fruits of a lifetime of transformational teaching and learning by one of the foremost adult educators of our time."—Parker J. Palmer, author, The Courage to Teach, Let Your Life Speak, and The Heart of Higher Education

This easy-to-use reference explores the people and events that shaped Russian military history—and impacted Europe, Asia, and the world—over the past eight centuries. • Helps readers understand the sociopolitical history of Russia and how it continues to exert a major influence in international affairs • Showcases the complex role conflict has played in Russia throughout its history • Includes an introductory essay that discusses how warfare in Russia has progressed over the centuries • Offers entries on wars, battles, organizations, leaders, armies, weapons, and other aspects of war and military life • Provides a ready reference for readers with little or no prior knowledge of Russian history

Beyond The Bodyguard Proven Tactics And Dynamic Strategies ...

Privacy is a growing concern in the United States and around the world. The spread of the Internet and the seemingly boundaryless options for collecting, saving, sharing, and comparing information trigger consumer worries. Online practices of business and government agencies may present new ways to compromise privacy, and e-commerce and technologies that make a wide range of personal information available to anyone with a Web browser only begin to hint at the possibilities for inappropriate or unwarranted intrusion into our personal lives. Engaging Privacy and Information Technology in a Digital Age presents a comprehensive and multidisciplinary examination of privacy in the information age. It explores such important concepts as how the threats to privacy evolving, how can privacy be protected and how society can balance the interests of individuals, businesses and government in ways that promote privacy reasonably and effectively? This book seeks to raise awareness of the web of connectedness among the actions one takes and the privacy policies that are enacted, and provides a variety of tools and concepts with which debates over privacy can be more fruitfully engaged. Engaging Privacy and Information Technology in a Digital Age focuses on three major components affecting notions, perceptions, and expectations of privacy: technological change, societal shifts, and circumstantial discontinuities. This book will be of special interest to anyone interested in understanding why privacy issues are often so intractable.
