Practical but intelligent approaches to the whole accounting cycle make this book so effective and unique that it is a must-read for accounting clerk and CFO alike, regardless of the company and accounting department size or the industry you are in. —Shan Staka, MBA, Controller, PGP International "One of the critical goals for the CFO is to develop a Lean Finance Factory that is efficient, on time, reliable, and accurate. Steve Bragg's Just-in-Time Accounting does exactly that and more. It not only teaches how to set up a system that delivers, but also teaches how to optimize it and, as such, is a great resource for both new and established CFOs. In today's world of information and data overload, this book is invaluable in teaching how to focus on the urgent and important." —Arif Iqbal, Executive Director and Board Member, Avon Products Co. Ltd., Japan "The underlying theme of the book is working in a consistent and efficient manner. Topics discussed and suggestions presented often have a 'lean' feel to them. These methodologies and practices lead to higher efficiency, the elimination of waste, and an increase in quality. The examples on Value-Added Analysis are prime examples of 'lean' thinking.
