Blood and Gold, the story of Marius, is one of the better books of the latter cycle of Vampire Chronicles. Yes, it does rehash some of the material from The Vampire Armand and Pandora, but it doesn't take from the overall story and the great rapport between Marius and Thorn.

Here is the gorgeous and sinister story of Marius, patrician by birth, scholar by choice, one of the oldest vampires of them all, which sweeps from his genesis in ancient Rome, in the time of the Emperor Augustus, to his meeting in the present day with a creature of snow and ice. Thorne is a Northern vampire in search of Maharet, his 'maker'. the ancient Egyptian vampire queen who holds him and others in thrall with chains made of her red hair, 'bound with steel and with her blood and gold'. In this spellbinding novel, Lestat, rebel outlaw, addresses the tribe of vampires, telling us the mesmerizing story of how he became prince of the vampire world, and of the formation of the Blood Communion, and how his vision for the Children of the Universe to thrive as one, came to be. Lestat takes us from his ancestral castle in the snow-covered mountains of France to the verdant wilds of lush Louisiana, with its lingering fragrances of magnolias and night jasmine; from the far reaches of the Pacific's untouched islands to the 18th-century city of St. Petersburg and the court of the Empress Catherine. He speaks of his fierce battle of wits and words with the mysterious Rhohamandes, proud Child of the Millennia, reviled outcast for his senseless slaughter of the legendary ancient vampire Maharet, avowed enemy of Queen Akasha, who refuses to live in harmony at court and who threatens all Lestat has dreamt of . . .

Anne Rice continues her astonishing Vampire Chronicles in a new novel that begins where Blackwood Farm left off – and tells the story of Lestat’s quest for redemption, goodness, and the love of Rowan Mayfair. Welcome back to Blackwood Farm. Here are all of the brilliantly conceived characters that make up the two worlds of vampires and witches: Mona Mayfair, who’s come to the farm to die and is brought into the realm of the undead; her uncle, Julian Mayfair, guardian of the family, determined to forever torment Lestat for what he has done to Mona; Rowan Mayfair, brilliant neurosurgeon and witch, who finds herself dangerously drawn to the all-powerful Lestat; her husband, Michael Curry, hero of the Mayfair Chronicles, who seeks Lestat’s help with the temporary madness of his wife; Ash Templeton, a 5,000-year-old Taltos who has taken Mona’s child; and Patsy, the country-western singer, who returns to avenge her death at the hands of her son, Quinn Blackwood. Delightfully, at the book’s centre is the Vampire Lestat, once the epitome of evil, now pursuing the transformation set in motion with Memnoch the Devil. He struggles with his vampirism and yearns for goodness, purity and love, as he saves Patsy’s ghost from the dark realm of the Earthbound, uncovers the mystery of the Taltos and unselfishly decides the fate of his beloved Rowan Mayfair. A story of love and loyalty, of the search for passion and promise, Blood Canticle is Anne Rice at her finest.

In this mesmerizing new novel, Anne Rice demonstrates once again her gift for spellbinding storytelling and the creation of myth and magic, as she weaves together two of her most compelling worlds? those of the Vampire Chronicles and the Mayfair witches.

Anne Rice, creator of the Vampire Lestat, the Mayfair witches and the amazing worlds they inhabit, now gives us the first in a new series of novels linked together by the fledgling vampire David Talbot, who has set out to become a chronicler of his fellow Undead. The novel opens in present-day Paris in a crowded café, where David meets Pandora. She is two thousand years old, a Child of the Millennia, the first vampire ever made by the great Marius. David persuades her to tell the story of her life. Pandora begins, reluctantly at first and then with increasing passion, to recount her mesmerizing tale, which takes us through the ages, from Imperial Rome to eighteenth-century France to twentieth-century Paris and New Orleans. She carries us back to her mortal girlhood in the world of Caesar Augustus, a world chronicled by Ovid and Petronius. This is where Pandora meets and falls in love with the handsome, charismatic, lighthearted, still-mortal Marius. This is the Rome she is forced to flee in fear of assassination by conspirators plotting to take over the city. And we follow her to the exotic port of Antioch, where she is destined to be reunited with Marius, now immortal and haunted by his vampire nature, who will bestow on her the Dark Gift as they set out on the fraught and fantastic adventure of their two turbulent centuries together. Look for Anne Rice's new book, Prince Lestat and the Realms of Atlantis, coming November 29, 2016.
