Compression is everything in an engine - poor compression can cause misfires as well as poor ignition. Poor compression can also have an effect on engine performance in regards to the balance of power across each cylinder. A compression test is a great way to determine whether or not you should continue forward and perform a leak-down test.

The compression test should show a minimum 11 - 12 bar, 160-174psi. Max difference between cylinders 0.5 bar 7 PSI Next step would be a "wet" compression test. This tests the ring seal. Pour about a teaspoon of oil into each cylinder and test the compression again. If this gives a higher compression pressure, you have a problem with the rings sealing.

I am sure he has run compression tests on more than few motors. I can only speak for the results I got on my built motor which reads right around ~200-210psi. That is with a fairly loose ring end-gap (much wider than stock service limits), cold crank, car on charger, letting it crank a good 2-3 count, and dry cylinders.

### N55 compression test results? | BMW Forums - SpoolStreet

A customer's BMW engine with low compression of only 25-30 psi in each side would still go down the freeway at almost 60 mph, but that was about all it would produce, and it had to be warmed up. That particular motorcycle lived on top of a hill, and the owner would use the entire hill to "bump start" it.

Knowing everything you can about each click to your Web site can help you make strategic decisions regarding your business. This book is about the why, not just the how, of web analytics and the rules for developing a "culture of analysis" inside your organization. Why you should collect various types of data. Why you need a strategy. Why it must remain flexible. Why your data must generate meaningful action. The authors answer these critical questions—and many more—using their decade of experience in Web analytics.

What did the rulers of the Soviet Union truly think about each other? This book opens a window onto the soul of Bolshevism—revealing what no other set of materials has ever offered—allowing readers access to the powerful men who, despite living in a humorless epoch, developed a special humor of their own.

As Jillian Bradley prepares to embark on her honeymoon, a terrible tragedy strikes. Now she must help exonerate Richard Zhou of murder. But when Jillian's health fails, a dear friend back home is called upon to help and joins Jillian to solve the case. Even with Teddy at her side, will Jillian have the strength to find the real killer? "The Long Trip Home" is an ordeal no one should ever have to face.

language arts, history/social studies, and science classrooms. More than 20 reproducible coaching templates and other tools can be downloaded and printed in a convenient 8 1/2" x 11" size.

'Moving and deeply suspenseful' - Sydney Morning Herald Every family has its secrets. Some are small, like telling a white lie or snooping through a private drawer. Others are more serious, like infidelity and betrayal. And some secrets are so terrible they must be hidden away in a deep, dark place, for if they ever came to light, they would surely tear a family apart... The Tides are a family full of secrets. Returning to Clifftops, the rambling family house perched high on the Dorset coastline, youngest daughter Dora hopes for a fresh start, for herself and the new life she carries. But can long-held secrets ever really be forgiven? And even if you can forgive, can you ever really learn to love again? Secrets of the Tides is the spellbinding debut from Hannah Richell, a rich and compelling family drama with a dark thread of suspense at its heart. This updated edition includes a chapter from Hannah's new novel, The Shadow Year, available now. 'A definite page-turner with unexpected depths' - The Australian Women's Weekly '...a tale of secrets, lies, betrayal and infidelity... Heartbreakingly good' - Herald Sun

H "Flake's strength . . . lies in developing genuine, believable adults and children."-BCCB (starred review) H "Flake's charged, infectious dialogue will sweep readers through the first-person story."-Booklist (starred review) Fourteen-year-old Raspberry Hill is still struggling to find security in her life. More than anything, she wants a father who will love and protect her, like Zora's dad. When her mother is attacked, Raspberry does the unthinkable: she steals money from Zora, her best friend. It's only when her thieving, drug-addicted father returns that Raspberry begins to wonder whether betraying Zora will cost her more than she can ever repay. Is Raspberry destined to follow in her father's footsteps? Raspberry is certain something's got to change.

Young Gordon Van Zandt is a true patriot so, after 9/11, he dropped out of college and joined the Marine Corps. This idealism vanished one fateful day in a war-torn city in Iraq. Ten years on, he is still struggling with the ghosts of his past when a devastating Super-EMP attack hits most of the developed world, causing catastrophic damage. All power and IT fails and Gordon must fight for resources. He knows survival requires action and cooperation, but as the days wear on his sense of civic duty crumbles and he must make difficult decisions to save his family.
