The essential guide to getting ahead and knowing what other people are thinking...before they know what they are thinking

Joe Navarro, a former FBI counterintelligence officer and a recognized expert on nonverbal behavior, explains how to "speed-read" people: decode sentiments and behaviors, avoid hidden pitfalls, and look for deceptive behaviors. You'll also learn how your body language can influence what your boss, family, friends, and strangers think of you. Read this book and send your nonverbal intelligence soaring. You will discover: The ancient survival instincts that drive body language Why the face is the least likely place to gauge a person's true feelings What thumbs, feet, and eyelids reveal about moods and motives The most powerful behaviors that reveal our confidence and true sentiments Simple nonverbals that instantly establish trust Simple nonverbals that instantly communicate authority Filled with examples from Navarro's professional experience, this definitive book offers a powerful new way to navigate your world.

What does your body language say about you? From strangers on the street, to your closest friends and family – even if you're not speaking, you're saying a lot with your body. Body Language explores the way we use our bodies to communicate, the way we hold ourselves, the way we sit, stand, and point our hands, feet and eyes can all reveal how we are feeling in any given situation. This book explores the body language we use in a wide-range of business and personal-life scenarios, from delivering a presentation at work to how you should act on a first date! Packed with images to clearly demonstrate each of the scenarios discussed, Body Language will help you understand the way others around you choose to communicate and also what you are saying with your own body. These valuable skills will improve your day to day communication, helping you to judge situations and understand how others around you are feeling. Use Body Language to: Harness the power of your own body language Communicate confidently to all of those around you Dip in and out of useful scenarios to find the best advice for you Understand people's hidden emotions and learn what you are hiding yourself Tackle those important life events, such as interviews, first dates, important meetings and more!

A fascinating, highly illustrated guide to the secret language of body gestures and postures that reveals what we really think and mean.

A brand-new edition of this bestselling Gem, featuring individual charts for all 88 constellations, a star atlas of the entire sky and details of the brightest stars and objects of interest which can be seen with the naked eye, binoculars and small telescopes. Collins Gem Stars provides details of all 88 constellations of the Northern and Southern hemispheres, complete with star charts and a star atlas of the entire sky, ideal for practical observation of the stars throughout the world all year round.

This innovative new work clarifies the misconceptions around body language while providing a scientific approach to understanding non-verbal communication at work. The authors explain why it is so important to understand body language in business, combining hard research evidence with unambiguous tips and practical applications.

Find out what your cat is thinking with this easy-to-use reference book. Learn the 100 most common behavioural traits in cats. Beautiful photographs show you how to strengthen the bond with your cat by interpreting its stresses and fears. Cat Body Language looks at all the postures cats are likely to adopt in and around the home, both with other cats and with their owners. Using the psychology of cat behaviour, it explains how a cat is likely to react in stressful situations, such as during a visit to the vet, when it is ill, and before or after a fight. All the most common behavioural traits of cats are examined in detail, from raking the dirt in the backyard and kneading their paws while being stroked to chattering their teeth at flying birds and meowing when a can of food is opened. Also included is a whole section devoted to the cat 's most expressive body part – the tail. Cat Body Language is an easy-to-use reference guide that enables cat owners to read the signals their pets are giving through their body language. Cats are often regarded as being part of the family, and this book will help readers understand more about their quiet companions.

Ideas in this book will help you every time you send or receive an electronic note, whether at work or at home. You will learn to read between the lines in all forms of incoming electronic communications and ensure outgoing messages convey your true intentions and are politically appropriate. This book also teaches you how to avoid the escalating and embarrassing "e-mail grenade" battles that are too prevalent online. There are many tips for managing your electronic inbox to avoid overload and "e-burnout." Understanding E-body Language will forever change how you view e-mail, while making your online communications easier and more effective.
