information, instruction, and opportunities to practise and apply what they are learning. MindTap has been completely reimagined to bring a more focused and applicable learning experience to students. Within the MindTap platform there are several experiential learning activities for the students to apply what they have learned and build a portfolio that can be used in the future to showcase their work. For instructors, we have a well-developed and curated site of additional resources that are built to support any course using our learning resources. Guffey, Loewy, Griffin: Your authoritative and trusted brand in Business Communication!

A unique approach to a hands-on course, written by the same author of Business and Administrative Communication, this completely new approach is devised and created with the assistance of a community college colleague. The innovative module structure allows instructors to focus on specific skills and provides greater flexibility for short courses and different teaching approaches. While grounded in solid business communication fundamentals, this paperback takes a strong workplace activity orientation which helps students connect what they learn to what they do or will do on the job.
