Catherine II, called Catherine the Great, reigned over Russia for 34 years—longer than any other female in Russian history. As empress, Catherine westernized Russia. She led her country into full participation in the political and cultural life of Europe. She championed the arts and reorganized the Russian law code. She also significantly expanded Russian territory. Today Catherine is a source of national pride for many Russians.

(Helen Mirren) develops a unique and devoted relationship with Grigory Potemkin (Jason Clarke) as they overcome their adversaries and serve as the architects of modern-day Russia.

The fictional diary of Princess Sophie, later named Catherine, from 1743 until 1745, when at age fifteen she is married to her second cousin Peter, Grand Duke of Russia, who will one day be Emperor. Includes historical notes on her later life. Originally published in The Royal Diaries series for Scholastic.

4 January 1744, Zerbst. She leaned forward, taking my chin in her hand. "You must tell no one what I'm about to say - not your brother, not even Mademoiselle. Understand?" I nodded. Was she afraid that if others knew the truth they might convince me to run away, thereby spoiling her scheme? "If the King approves of you . . . then you and I shall be driven by sleigh out of Prussia, all the way to St. Petersburg, to meet with Empress Elizabeth. . . . She has selected you, my poor ugly daughter, to be Peter's fiancée. Unless you spoil things, the two of you will marry and one day rule all of Russia."

Empress Catherine II brought Europe to Russia, and Russia to Europe, during her long and eventful reign (1762—96). She fostered the culture of the Enlightenment and greatly expanded the immense empire created by Czar Ivan the Terrible, shifting the balance of power in Europe eastward. Famous for her will to power and for her dozen lovers, Catherine was also a prolific and gifted writer. Fluent in French, Russian, and German, Catherine published political theory, journalism, comedies, operas, and history, while writing thousands of letters as she corresponded with Voltaire and other public figures. The *Memoirs of Catherine the Great* provides an unparalleled window into eighteenth-century Russia and the mind of an absolute ruler. With insight, humor, and candor, Catherine presents her eyewitness account of history, from her whirlwind entry into the Russian court in 1744 at age fourteen as the intended bride of Empress Elizabeth I's nephew, the eccentric drunkard and future Peter III, to her unhappy marriage; from her two children, several miscarriages, and her and Peter's numerous affairs to the political maneuvering that enabled Catherine to seize the throne from him in 1762. Catherine's eye for telling details makes for compelling reading as she describes the dramatic fall and rise of her political fortunes. This definitive new translation from the French is scrupulously faithful to her words and is the first for which translators have consulted original manuscripts written in Catherine's own hand. It is an indispensable work for anyone interested in Catherine the Great, Russian history, or the eighteenth century.

A novel in diary form about Kristina, the young queen of Sweden.

Newbery Honor author Kathryn Lasky's *MARIE ANTOINETTE* is back in print with a gorgeous new package! To forge an incredibly powerful political alliance, thirteen-year-old Marie Antoinette of Austria is betrothed to Dauphin Louis Auguste, who will one day be the king of France. To prepare her for this awesome responsibility, she must be trained to write, read, speak French, dress, act . . . even breathe. Things

become more difficult for her when she is separated from her family and sent to the court of Versailles to meet her future husband. Opinionated and headstrong Marie Antoinette must find a way to fit in at the royal court, and get along with her fiancé. The future of Austria and France falls upon her shoulders. But as she lives a luxurious life inside the palace gates, out on the streets the people of France face hunger and poverty. Through the pages of her diary, Marie captures the isolation, the lavish parties and gowns, her struggle to find her place, and the years leading up her ascendance of the throne . . . and a revolution.

A free and impetuous spirit, Elisabeth is chosen at the age of fifteen to be the wife of Franz Joseph, Emperor of Austria, which throws her into a world of restrictions and tremendous responsibilities.

Presents the memoirs of Catherine the Great, Empress of Russia, who came to power after her husband was overthrown in a coup d' état and was viewed as an enlightened monarch.

Princess Sophia of Anhalt-Zerbst became Empress Catherine II of Russia, an indomitable, feisty ruler who was very complex and became an infamous historical figure.

One of the most colorful characters in modern history, Catherine II of Russia began her life as a minor German princess, until the childless Empress Elizabeth and Catherine's own scheming mother married her off to the Grand Duke Peter of Russia at age sixteen. By thirty-three, she had overthrown her husband in a bloodless coup and established herself as Empress of the multinational Russian Empire, the largest territorial political unit in modern history. Portrayed both as a political genius who restored to Russia the glory it had known in the days of Peter the Great and as a despotic foreign adventuress who usurped the Russian throne, murdered her rivals, and tyrannized her subjects, she was, by all accounts, an extraordinary woman. Catherine the Great, the first popular biography of the empress based on contemporary scholarship, provides a vivid portrait of Catherine as a mother, a lover, and, above all, an extremely savvy ruler. Concentrating on her long reign (1762-96), John Alexander examines all aspects of Catherine's life and career: the brilliant political strategies by which she won the acceptance of a nationalistic elite; her expansive foreign policy; the domestic reforms with which she revamped the Russian military, political structure, and economy; and, of course, her infamous love life. Beginning with an account of the dramatic palace revolt by which Catherine unseated her husband and a background chapter describing the circumstances of her early childhood and marriage, Alexander then proceeds chronologically through the thirty-four years of her reign. Presenting Catherine in more human terms than previous biographers have, Alexander includes numerous quotations from her reminiscences and notes. We learn, for instance, not only the names and number of her lovers, but her understanding of what many considered a shocking licentiousness. "The trouble is," she wrote, "that my heart would not willingly remain one hour without love." The result of twenty years' research by one of America's leading narrative historians of modern Russia, this truly impressive work offers a much-needed, balanced reappraisal of one of history's most scandal-ridden figures.
