Chance of precipitation is 60%. Overnight showers and thunderstorms likely before 8 p.m., then showers likely and possibly a thunderstorm between 8 p.m. and 5 a.m, then a chance of showers and ...

Chance is a black-and-white thinker until she realises that sometimes there are shades of grey. Chance is in Year 7 and thinks she has it all - a loving mother, dog Tiges, best friend and almost-sister next door. But when a reality TV team makes over her house, she discovers newspaper cuttings from the past that cause her to question the world as she knows it and everyone in it. Then she finds herself caught between two realities, identities and worlds. Face-to-face with the truth, Chance has a very difficult decision to make, which almost splits her in two. This powerful story explores what is true and what is fake in today’s world. And while Chance is all about the truth, she ponders whether “Maybe being truthful was really just a big lie.”

The thrilling, cinematic story of a community shattered by disaster--and the extraordinary woman who helped pull it back together "A powerful, heart-wrenching book, as much art as it is journalism."--The Wall Street Journal "A beautifully wrought and profoundly joyful story of compassion and perseverance."--BuzzFeed (Best Books of the Year) In the spring of 1964, Anchorage, Alaska, was a modern-day frontier town yearning to be a metropolis--the largest, proudest city in a state that was still brand-new. But just before sundown on Good Friday, the community was jolted by the most powerful earthquake in American history, a catastrophic 9.2 on the Richter Scale. For four and a half minutes, the ground lurched and rolled. Streets cracked open and swallowed buildings whole. And once the shaking stopped, night fell and Anchorage went dark. The city was in disarray and sealed off from the outside world. Slowly, people switched on their transistor radios and heard a familiar woman’s voice explaining what had just happened and what to do next. Genie Chance was a part-time radio reporter and working mother who would play an unlikely role in the wake of the disaster, helping to put her fractured community back together. Her tireless broadcasts over the next three days would transform her into a legendary figure in Alaska and bring her fame worldwide--but only briefly. That Easter weekend in Anchorage, Genie and a cast of endearingly eccentric characters--from a mountaineering psychologist to the local community theater group staging Our Town--were thrown into a jumbled world they could not recognize. Together, they would make a home in it again. Drawing on thousands of pages of unpublished documents, interviews with survivors, and original broadcast recordings, This Is Chance! is the hopeful, gorgeously told story of a single catastrophic weekend and proof of our collective strength in a turbulent world. There are moments when reality instantly changes--when the life we assume is stable gets upended by pure chance. This Is Chance! is an electrifying and lavishly empathetic portrayal of one community rising above the randomness, a real-life fable of human connection withstanding chaos.

"In an intense tale of psychological suspense, a San Francisco psychiatrist becomes sexually involved with a female patient who suffers from multiple personality disorder, and whose pathological ex-husband is an Oakland homicide detective--from a Los Angeles Times Book Prize-winning author. Dr. Eldon Chance is a brilliant, lonely, forensic neuropsychologist with a long track record of getting involved with damaged, complicated women. While apartment hunting after separating from his wife, a series of bad decisions leads to Chance sleeping with a patient named Jaelyn Blackstone. Unfortunately her ex-husband is an Oakland homicide detective and the jealous type. Meanwhile, Dr. Chance meets a young man who goes by "D"; Chance believes he is a war-veteran, but he is in fact a deranged loner and self-styled Samurai skilled in the art of the blade. D is fascinated by Chance's tales of his tormented and increasingly dangerous affair with Jaclyn and advises him that her ex-husband will find a way to destroy Chance. As Detective Blackstone does indeed threaten the doctor, Chance and D plan a counter-strike. Meanwhile Chance continues his steamy affair with Jaclyn Blackstone (or is it one of her multiple personalities?) But the sexually voracious "Jackie Black" has a story that is far more complex and darker than he could have ever imagined ... Gritty, twisted, and impossible to put down, the surprises keep coming in Chance until the final page has been turned"--

A heart-rending but uplifting story of the human spirit’s ability to prevail. From the day he is five-years-old and dropped off at his foster home of the next eleven years, Stephen is mentally and physically tortured. No one in the system can help him. No one can tell him if he has a family. No one can tell him why, with obvious African-American features, he has the last name of Klakowicz. Along the way, a single faint light comes only from a neighbor’s small acts of kindness and caring—and a box of books. From one of those books he learns that he has to fight in any way he can—for victory is in the battle. His victory is to excel in school. Against all odds, the author succeeded. He attended college, graduated, became a successful corporate executive, and married a wonderful woman with whom he established a loving family of his own. Through it, he dug voraciously through records and files and found his history, his birth family—and the ultimate disappointment as some family members embrace him, but others reject him. Readers won’t be the same after reading this powerful story. They will share in the hurts and despair but also in the triumph against daunting obstacles. They will share this story with their family, with their friends, with their neighbors.

The fate of a loser’s life is... When you desperately want to achieve your dream, you will be forced to change your dream. When you fall in love with someone you had anticipated for a long time, that someone will bully you into being just friends. When you finally fall in love with someone who is meant for you, you will need to find a future be-cause love without a future is a pain. One day, you will miraculously find your future, and everything will seem as perfect as a fairytale. But the fate of a loser’s life is... You won’t get what you want in time. When you get what you want, you won’t need it anymore. Well, that’s me, Sathya! A big loser, from a small town in South India, dreams of becoming a na-tional volleyball player. But is the life of a middle-class boy ever uncomplicated? It all begins with this beautiful and brilliant girl entering my college. She changed my life, but it didn’t stop there. Another gorgeous girl entered my life, and I was torn between the two. At a point, I was utterly confused about whether I was a friend or a boyfriend or neither! Against all the odds, do you think I can achieve my dream and hold on to my love? Do I still have a chance? There’s much more to my story than these few lines. Get ready to experience the roller coaster ride of my life!

"After a painful divorce, Savannah White wants nothing more than to find her happy place. So when she gets the chance to pack up her life -and her son - and move to the idyllic town where she spent childhood summers, she jumps at the opportunity. Last Chance is just as charming as she remembered. She's even invited to join the local book club, where talk soon turns to Savannah's plan to bring the ramshackle downtown movie theater back to life. A new challenge is just what Savannah needs to move forward... Dash Randall wants to put his fortune to good use, but he remembers Savannah as the bratty "princess" who descended upon him each June, causing no end of trouble. But the teenager he remembered has grown into a gorgeous and generous woman, and it isn't long before Dash finds himself wanting to make brand new memories with Savannah. But first, Dash and Savannah will need to make peace with their pasts to find a new chance for love"--

A heartwarming story about childhood friends, broken lives, and a long ago promise that just might offer the hope of love for today. Years ago, the day before Ellie moved from Georgia to California, she and her best friend Nolan sat beneath the Spanish moss of an ancient oak tree where they wrote letters to each other, and sealed them in a rusty old metal box. The plan was to return eleven years later and read them. But now, as that date arrives, much has changed. Ellie, bereft of the faith she grew up with, is a single mom living in a tired apartment trying to make ends meet. Sometimes she watches television to catch a glimpse of her old friend -Nolan, now an NBA star, whose terrible personal tragedies fueled his faith and athletic drive in equal measure. But Nolan also suffers from a transcendent loneliness that nothing has ever eased. In their separate lives, as Ellie and Nolan move toward the possibility of a reunion at the oak tree, Kingsbury weaves a tale of heart-wrenching loss, the power of faith, and the wounds that only love can heal.

When eight-year-old Vinni Stewart disappears from a Jersey shore town, Maddy, her distraught single mother, begins a desperate search for her daughter. Maddy’s five-year journey leads her to a bakery in Brooklyn, where she stumbles upon something terrifying. Ultimately, her artist neighbor Evelyn reconnects Maddy to her passion for painting and guides her to a life transformed through art. Detective John D’Orfani sees more than a kidnapping in the plot-thickening twists of chance surrounding Vinni’s disappearance, but his warnings to stay away from the investigation do not deter Maddy, even when her search puts her in danger. When the Russian Mafia warns her to stop sniffing into their business, Maddy must make a choice whether to save one child—even if it might jeopardize saving her own.

The R101 airship was thought to be the model for the future, an amazing design that was ,as safe as houses. . .except for the millionth chance,. On the night of 4 October 1930 that chance in a million came up however. James Leasor brilliantly reconstructs the conception and crash of this huge ship of the air with compassion for the forty-seven dead ; and only six survivors.
