of all styles—from Rock, Latin, and Funk to Country, Jazz, and Alternative. Steve shares his approach to chord construction, an area he has become known for on guitar. In this book, he has taken a complex subject and broken it down into simple building blocks and small study units. You will learn to extend your sense of harmony by the superimposition of chord forms which are familiar, as well as a world of new ones. Your ability to express yourself and create textures and musical moods will improve immediately. The text is accompanied by two CD's full of performed examples, play-along tracks,
