This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Pearson ' s Comprehensive Medical Assisting, Third Edition, provides students with the right procedural, people, and professional skills needed to succeed in the medical assisting profession. Teaching and Learning Experience Offers a step-by-step, competency-based approach that covers virtually all facets of the medical assisting profession: Procedural Skills—Speaks directly to the medical assisting student, presenting all the procedures and tasks that are relevant to the medical assistant role. People Skills—Covers people and communication skills that are essential to being a successful medical assistant. Professional Skills—Instills concepts and critical thinking skills needed to succeed as a medical assistant professional.

For courses in Medical Assisting Help students develop the procedural, people, and professional skills they need to succeed in the medical assisting profession Pearson's Comprehensive Medical Assisting, Fourth Edition, offers a step-by-step, competency-based approach that covers virtually all facets of the medical assisting profession. Filled with 227 Procedures (32 of which are new), and a variety of workplace scenarios and critical-thinking exercises, the book helps students gain the procedural, people, and professional skills that are fundamental to being an effective Medical Assistant. The Fourth Edition was reconceived around the latest standards and guidelines published by CAAHEP (the Commission on Accreditation of Allied Health Education Programs) and ABHES (Accrediting Bureau of Health Education Schools). In this groundbreaking approach, the text's learning objectives were rewritten to directly conform to the standards, and all content was reorganized to flow from these objectives. Mapping documents demonstrate where standards for both of the accrediting bodies are met. To ensure a comprehensive, cohesive teaching and learning experience, the Fourth Edition's ancillaries also underwent a comprehensive update, and, in the case of the Student Workbook, a significant revision. The detailed, in-depth, follow-along study guide feature, found at the beginning of each Workbook chapter, directly reflects the correlating textbook chapter, providing important reinforcement of the information. The Workbook also features brand-new activities that directly relate to CAAHEP standards, particularly CAAHEP's Affective Competencies. The Instructor's Resource Manual details how each chapter's content conforms to the the specific curriculum standards of accrediting bodies, as well as the content required in various certification exam outlines. An updated Test Bank, PowerPoint Lecture Slides, and set of Lesson Plans round out the new edition's supplement package. Also available with MyLab Medical Assisting MyLab(TM) Medical Assisting is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students pursue an adaptive test of their knowledge, practice what they've learned, and prepare for their certification exam. Content includes comprehensive Homework Questions, Critical-Thinking Quizzes, Professionalism Scenarios, and sample Certification Exams. This edition features an update of key Procedural Videos, as well as the inclusion of new video-based Decision-Making Cases, Dynamic Study Modules, and Interactive Procedural Checklists. Note: You are purchasing a standalone product; MyLab does not come packaged with this content. Students, if interested in purchasing this title with MyLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. This Fourth Edition of Medical Assisting Exam Review for CMA, RMA & CMAS Certification focuses on the critical most current components of the MA and MAS curricula, making it an indispensable tool for recent graduates, practicing medical assistants, medical administrative specialists and medical administrative assistants preparing to sit for any recognized national certification exams.

Completely updated to meet the current standards of the AAMA and the AMT, this streamlined review tool provides at-a-glance access to the concepts and competencies covered in the CMA and RMA examinations. It features comprehensive pre- and post-tests - available as pencil-and-paper tests or electronically on the companion CD-ROM - that mirror the content and format options of the certification exams. Practice tests include clear rationales that help identify areas where more study is needed. Test-taking tips and study techniques offer helpful suggestions on improving retention and recall. Convenient, easy-to-read outline format streamlines key information for at-a-glance review. Study tips and test-taking strategies help students focus their review efforts and familiarize them with the format and concepts found on the CMA and RMA exams. Companion CD-ROM offers an electronic testing experience, with electronic versions of all the pre-tests in the text, as well as 1100 review questions. New chapters on HIPAA and IV Therapy include the latest information to match the current standards of the AAMA and AMT. Offers the latest information on the top 50 drugs most commonly encountered in practice. Updated laboratory tests and normal values reflect the most recent advances in laboratory testing technology. Additional illustrations clarify key concepts. Three 100-question pre-tests covering general, administrative, and clinical medical assisting concepts and competencies.

This package contains the following products: 9781451100655 Kronenberger Lippincott Williams & Wilkins' Comprehensive Medical Assisting, 4e 9781451115727 Kronenberger Study Guide for Lippincott Williams & Comprehensive Medical Assisting, 4e 9781469839073 Kronenberger PrepU for Kronenberger's Comprehensive Medical Assisting, 4e

This competency-based learning system covers the administrative, clinical, and general areas necessary for entry-level employment as identified by the medical assistant role delineation study issued by the American Association of Medical Assistants. A listing of role delineation areas in each unit and in Appendix A make it easy to locate specific skills within each competency. A unit on related therapies presents information on complimentary and alternative treatments.
