to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Raiborn arms accountants with the resources they need to understand key financial and managerial accounting concepts. Visual Recaps are provided to illustrate significant topics in a pictorial manner or summarized in a table. Each chapter contains a summary, key terms list, and a variety of questions, exercises, problems, and short cases. Accounting Information for Decision Making sections are designed to emphasize a user perspective of accounting information. Accountants will also find discussions of international financial reporting standards (IFRSs) to gain a global perspective.
