A multicolor edition of Vol.II of A Textbook of Electrical Technology to keep pace with the ever-increasing scope of essential and morden technical information,the syllabi are frequently revised.This often result into compressing established facts to accommodate recent information in the syllabi.Fields of power-electronics and industrial power-conditioners have grown considerably resulting into changed priority of topics related to electrical machines.Switched reluctance-motors tend to threaten the most popular squirrel-cage induction motors due to their increased ruggedness,better performance including controllability and equal ease with which they suit rotary as well as linear-motion-applications.

This jargon-free, fully illustrated guide to using your sewing machine explains essential techniques and offers easy projects for getting started. Straightforward and accessible, Me and My Sewing Machine contains everything you need to know to get the most out of your sewing machine. There are no intimidating specialty techniques, painstaking procedures, or complicated methods. Instead you will find easy-to-understand, practical and decorative techniques that make sewing simple, even if you have never used a machine before. Author and professional crafter Kate Haxell shares clever tips and shortcuts, as well as advice on when you can use these speedy methods and when it really is better to do something the traditional way. Everything is illustrated with step-by-step photography and finished samples. Haxell also includes easy sewing projects that are simple without skimping on style.

Book Three of The Runelords Certain works of fantasy are immediately recognizable as monuments, towering above the rest of the category. Authors of those works, such as Stephen R. Donaldson, J.R.R. Tolkien, Robert Jordan and Terry Goodkind, come immediately to mind. Now add David Farland to that list, whose epic fantasy series began with The Runelords. Wizardborn continues the story of the struggle of Gaborn, now the Earth King, who has lost his powers but continues to lead his people. He must contend with the threat of the huge, inhuman Reavers, whose myriads Gaborn and his forces must now pursue across the nation. It has become Gaborn's fate to follow, even into the depths. Raj Ahten, the great warlord endowed with the strength and qualities of thousands of men, once the primary threat to Gaborn, now struggles to retain his own empire. His war of conquest thwarted, his very life is now threatened by the Reaver thousands. And a young girl, Averan, who has eaten a Reaver and absorbed some of its memories, becomes a keystone in the search for the dark Reaver lair. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The author explains how to communicate with God in order to deal with difficult times in life, find joy and peace, and obtain answers to religious questions.

The book offers in-depth discussion about how the communication process works - or doesn't work. It questions and challenges: who are the stakeholders; what are the best vehicles for transferring knowledge; why are local networks and intermediaries so important; what can hinder the communication process; and how may these gaps be overcome?

Only an ember of humanity survived the first Xaros invasion. Now, the Xaros return to deliver the final blow to Earth and her defenders. A moon carrying an armada of Xaros drones unleashes its deadly cargo on the solar system. Fortress Mars stands between the enemy and an ill-defended Earth. While the battle rages over the red planet, the Breitenfeld must launch a desperate mission to Pluto to cut off enemy reinforcements. Earth stands on the brink of ruin, and humanity needs every hero it can find to turn back the tide of destruction. The Ember War enters its final stages in THE SIEGE OF EARTH.
