Language education is a highly contested arena within any nation and one that arouses an array of sentiments and identity conflicts. What languages, or what varieties of a language, are to be taught and learned, and how? By whom,

Online Library English Journal Entries

for whom, for what purposes and in what contexts? Such questions concern not only policy makers but also teachers, parents, students, as well as businesspeople, politicians, and other social actors. For Japan, a nation state with ideologies of

Online Library English Journal Entries

national identity strongly tied to language, these issues have long been of particular concern. This volume presents the cacophony of voices in the field of language education in contemporary Japan, with its focus on English language education. It explores the

Online Library English Journal Entries

complex and intricate relationships between the “local” and the “global,” and more specifically the links between the levels of policy, educational institutions, classrooms, and the individual. In the much-contested field of foreign language teaching

Online Library English Journal Entries

in Japan, this book takes the reader directly to the places that really matter. With the help of expert guides in the fields of anthropology, sociology and linguistics, we are invited to join a vital discussion about the potentially revolutionary
