About Threshold Songs, the voices in these poems perform at the interior thresholds encountered each day, where we negotiate the unfathomable proximities of knowing and not knowing, the gulf of seeing and feeling, the uncanny relation of grief to joy, and the borderless nature of selfhood and tradition. Both conceptual and haunted, these poems explore the asymmetry of the body's chemistry and its effects on expression and form. The poems in Threshold Songs tune us to the microtonal music of speaking and being spoken. Check for the online reader's companion at http://petergizzi.site.wesleyan.edu.

Ashten Wadeley is ready for life to settle back down. She spends her school years teaching and her summers waitressing at her grandparents' diner to try and save up money for a down payment on a house and now, she's also helping her two best friends, Katie and Eliza, plan their weddings. She only has a few spare hours to sleep, much less do anything else. When Eliza starts to get the matchmaking bug, Ashten is anything but pleased, especially since Eliza is dead set on someone whom Ashten can barely tolerate. And then, Ashten's old boyfriend suddenly resurfaces, her past heartbreak is opened back up, and this new guy is hanging around more and more. Her first response is always to retreat, ignore and hope the problems go away on their own. Can God use the pain of the past for the good of the future? Will Ashten ever be able to completely forgive? And when love looks very different than she ever imagined, will she be willing to risk her heart for it?
