For example, my first day on the wards, I was expected to pre-round and present to the attending in 30-45 minutes. NO ONE told me what was relevant information to present for my particular rotation (GYN ONC) besides SOAP format, so I presented irrelevant information which made my presentation 3 mins long when they preferred 1 minute max.

The purpose of FIRST AID FOR THE MATCH is to help medical students effectively and efficiently navigate the often complex residency application process. It is designed to help students make the most of their limited time, money, and energy. In the spirit of FIRST AID FOR THE USMLE STEP 1, this book is a student-to-student guide that draws on the advice and experiences of medical students who have successfully gone through the Match and are now training in the programs of their choice.

Master the Wards: Internal Medicine Handbook improves your confidence so you can survive the clerkship and ace the shelf. With this in hand, you can arrive prepared on day 1 of your medicine rotation. Written by a residency director who has been a clerkship director--and once, long ago, a med student just like you!--this handbook presents a core set of diseases and disorders from the point of view of how patients present, and teaches you how to assess patients beginning with their chief complaints. Special features help you look like a rock star and improve patient safety: Organized by chief complaint Round-Saver tips help you delivery quality care How NOT to Kill Your Patient boxes point you to critical "don't miss" diagnoses and things to look out for Things You Will Be Asked On Rounds boxes prep you for attendings' questions
