Whether you're making a pint of sauerkraut or a peck of pickled peppers, *The Joy of Pickling* provides all the tools for pickling success! "By working a special kind of magic on an abundance of produce," Christopher Kimball writes in the foreword to this inspiring, comprehensive, and eminently practical book, "Linda Ziedrich has transformed what might have become a lost art into something both necessary and delightful." Putting up pickles is a time-honored technique for preserving the harvest and getting the most out of fresh produce, whether you grow it yourself or purchase it at the supermarket or farmers market. But pickling isn't just about preserving: It's a way to create mouthwatering condiments and side dishes that add endless variety and loads of big, vibrant flavors to the table. Making these salty, sour, sweet, and tangy treats isn't hard, as long as you have this authoritative and user-friendly volume to guide you. This new edition includes 50 brand-new recipes, many focused on the latest trend in pickling: fermentation. It also includes: Pickles from all over the globe, from down-home American favorites to adventuresome new ideas from Asia, the Middle East, and Europe Recipes for canned and put-up pickles and also for super-easy quick pickles for the fridge or freezer New techniques for preventing yeast and mold growths on fermented pickles Recipes for using pickled produce in chutneys, salsas, relishes, and more Expert safety guidance and tips From Lower East Side Full-Sour Dills to Cabbage and Radish Kimchi, Pickled Whole Watermelons to Quick Pickled Baby Corn, the 300 recipes in *The Joy of Pickling* make the harvest last, deliciously and freshly, all year round.

Anybody from the RV owner to the service technician can comprehend and determine troubles with an RV refrigerator. In this practical manual, the authors provide profound discussions in troubleshooting. True to its name, *Average Joe's RV Refrigerator: Troubleshooting & Repair Guide* aims to help any person in making minor repairs by himself/herself. It also supplies information that helps one know whether or not his/her service tech is qualified to make an educated analysis of the problems and is able to do the repairs successfully with the least amount of cost available to the consumer. Geared to assist any individual anytime, anywhere, *Average Joe's RV Refrigerator: Troubleshooting & Repair Guide* is a handy book that will be of use for both personal and business needs. Book Review: "Average Joe's RV Refrigerator Troubleshooting and Repair Guide made me feel confident that I (an average Joanne) could pull out my own RV refrigerator and know what I was looking at, what to check first depending on the problem, and where to proceed from there. Without the guide, I'd never know where to start. There are a lot of photos and the troubleshooting charts are easy to read, with a column for symptoms, possible problem areas, and causes and remedies. They identify specific problems for which I need to call on a repair specialist but I was surprised to see that many of the remedies are simple enough that I would not be afraid to tackle them myself. This guide will help anyone assess problems with thier RV refrigerator and try, first, to fix it yourself, thereby saving on costly repair bills." frugal-rv-travel
