Jake Sullivan is a war hero, a private eye-and an ex-con. He's free because he has a magical talent, being able to alter the force of gravity in himself and objects in his vicinity, and the Bureau of Investigation calls on him when they need his help in apprehending criminals with their own magical talents. But the last operation he was sent along to help with went completely wrong, and Delilah Jones, the woman the G-men were after, who just happened to be an old friend of Jake's in happier times, had a lot of magical muscle with her, too much muscle for the cops to handle, even with Jake's help. It got worse. Jake found out that the Feds had lied to him about Delilah being a murderer as well as a bank robber, and they had lied about this being his last job for them-he was too valuable for them to let him go. And things were even worse than Jake imagined. There was a secret war being waged by opposing forces of magic-users, and Jake had no idea that he had just attracted the attention of one side, whose ruthless leaders were of the opinion that Jake was far too dangerous to be permitted to live... Post-apocalyptic scifi meets urban fantasy in Jacqueline Carey's sequel to Santa Olivia as two girls fight to stay together and change the world. After their escape from military custody, Loup Garron and her girlfriend Pilar have a chance to reinvent their lives thousands of miles away from the forgotten and disenfranchised Texas border town and military zone of Santa Olivia. Thanks to Loup's genetically engineered gifts of strength, speed, and an innate fearlessness, as well as Pilar's unexpected skill with a pistol, they find new careers as high-priced bodyguards for a world famous British rock band. Back in the States, an investigation into the existence of Santa Olivia, also known as Outpost 12, begins in Washington, D.C. When the key witness with evidence to expose the military cover-up, their old comrade Miguel, vanishes, the case seems lost. The abandoned citizens of Santa Olivia need a champion, a voice raised on their behalf, which pushes Loup and Pilar into a hard choice. If Loup returns to U.S. soil, she'll be an outlaw. If she's caught, she'll be taken into custody again; and this time, there may be no escape. But if she and Pilar don't fight for the freedom of those they left behind, no one will.
