This 129-page book has 126 pages devoted to keeping track of and designing your geometric projects, such as quilting, architecture, and other projects that need order and clean design.. One side has a Circle grid of graph, and there is plenty of room to design your next masterpiece, whatever it may be! The second side has an area for you to sketch your applicable information and designs, and then there's an area below that for notations and tips. Whether you quilt for a hobby or professionally, design certain types of architecture, or need to otherwise graph the project you are working with this Circle Grid Graph Paper is the perfect place for you to create your next dozens of projects and keep them all in one place!

This cross stitcher's workbook features 100 blank graph paper charts for you to sketch out your own cross stitch patterns and designs. There are also pages at the back of the book for notes and sketches. This book contains: Index pages - this is so you can index your cross stitch designs so you can find them in the book. Simply write the number of the design on the design page and then cross reference this on the index page. The design pages aren't numbered so designs can cross more than one page if required. 100 blank cross stitch design pages. The cross stitch grid is 70 squares x 90 squares (with lines showing every 10 squares/stitches), and not to scale, so you can create patterns to whichever scale you prefer. Lined notepaper with space for sketches. Use colored pencils to chart your stitching patterns and to create your own unique cross stitch designs. This cross stitch design workbook is the ideal cross stitcher's gift for any occasion.

Why use a graph notebook?A graph notebook features pages covered with a continuous square grid. The squares have different sizes according to your preference.The lines are often used as guides for plotting mathematical functions or experimental data and drawing two-dimensional graphs. It is the preferred page for mathematical graphing, art projects, statistical charts and home renovation projects. Here are other benefits of using a Graph Paper: - Drawing schematics, diagrams and models- Graphs- Flow charts- Orderly, bulleted notetaking- Check-box style to do lists- Budgeting- Timelines- Writing in Japanese or Chinese Who would LOVE this notebook? - Those note takers with small handwriting who want to maximize their total number of words per page- Those note takers with a tendency for messy handwriting, who need structure to focus on controlling the size and spacing of each letter Whether you need form to guide you with your letters and numbers or a notebook to easily tick off your To Do lists, you'll love our notebook. IT'S BUILT TO LAST- The sturdy cover is made of tough paperback with strong, secure professional trade binding so the pages won't fall out after a few months of use. WELL-CRAFTED INTERIOR- We used only thick, white paper to avoid ink bleed-through. We also made the lines pale and subtle so that it won't photocopy well in case you need to replicate your notes. PERFECT SIZE- With its 8.5" x 11" dimensions, you can squeeze it into a bag with ease. It's the perfect size- easy to carry! COOL COVERS!- To top it all, we have an array of cover designs for you to choose from. Get inspired by our collection of truly creative book covers.
