Novel about a self-centered man and his adventures in Africa.

Bellow's glorious, spirited story of an eccentric American millionaire who finds a home of sorts in deepest Africa.

Bellow evokes all the rich colour and exotic customs of a highly imaginary Africa in this comic novel about a middle-aged American millionaire who, seeking a new, more rewarding life, descends upon an African tribe. Henderson's awesome feats of strength and his unbridled passion for life earns him the admiration of the tribe - but it is his gift for making rain that turns him from mere hero into messiah. A hilarious, often ribald story, HENDERSON THE RAIN KING is also a profound look at the forces that drive a man through life.

This book sets out to write nothing short of a new theory of the heroic for today's world. It delves into the "why" of the hero as a natural companion piece to the "how" of the hero as written by Northrop Frye and Joseph Campbell over half a century ago. The novels of Saul Bellow and Don DeLillo serve as an anchor to the theory as it challenges our notions of what is heroic about nymphomaniacs, Holocaust survivors, spurious academics, cult followers, terrorists, celebrities, photographers and writers of novels who all attempt to claim the right to be "hero."

It's sweltering summer in New York City, and Asa Leventhal is alone. His co-workers ignore or condescend to him, his wife is away with her mother, and his estranged brother has run off, abandoning his wife and two sons. One night, Leventhal is confronted by a stranger--one of those guys who want you to think they can see to the bottom of your soul--who reveals himself to be a marginal figure from his distant past. Leventhal, accused of ruining the man's life, becomes shocked and dismissive, vehemently denying any part in the man's unhappy lot. But as time passes, he is increasingly unable to separate his own good fortune from the bad luck of this down-and-out stranger, who will not leave him be. A brief, haunting rumination on the vagaries of fate and responsibility, The Victim is, in the words of Norman Rush, Saul Bellow's "purest creation."

A trio of short works by the Nobel laureate and "greatest writer of American prose of the twentieth century" (James Wood, The New Republic) While Saul Bellow is known best for his longer fiction in award-winning novels such as The Adventures of Augie March and Herzog, Something to Remember Me By will draw new readers to Bellow as it showcases his extraordinary gift for creating memorable characters within a smaller canvas. The loss of a ring in A Theft helps an oft-married woman understand her own wisdom and capacity for love. In The Bellarosa Connection, Harry Fonstein has escaped from Nazi brutality with the help of an underground organization masterminded by the legendary Broadway impresario Billy Rose, and his story continues in America . In the title story, seventeen-year-old Louie?whose mother is dying of cancer?strays far from home and finds not solace but humiliation and, ultimately, the blessing of his father's wrath. This collection consists of eight essays that examine the way narratives determine our understanding of old age and condition how the experience is lived. Contributors to this volume have based their analysis on the concept of «narrative identity» developed by Paul Ricoeur, built upon the idea that fiction makes life, and on his definition of »traces» as the mark of time. By investigating the traces of aging imprinted in a series of literary and filmic works they dismantle the narrative of old age as decline and foreclosure to assemble one of transformation and growth.

Expecting to be inducted into the army, Joseph has given up his job and carefully prepared for his departure to the battlefield. When a series of mix-ups delays his induction, he finds himself facing a year of idleness. Dangling Man is his journal, a wonderful account of his restless wanderings through Chicago's streets, his musings on the past, his psychological reaction to his inactivity while war rages around him, and his uneasy insights into the nature of freedom and choice.
