This, Ralph Ellison argues convincingly, is a dangerous habit. A classic from the moment it first appeared in 1952, Invisible Man chronicles the travels of its narrator, a young, nameless black man, as he moves through the hellish levels of American intolerance and cultural blindness. Searching for a context in which to know himself, he exists in a very peculiar state.

Ralph Ellison's impassioned first novel, winner of the prestigious American National Book Award, tells the story of an invisible man simply because people refuse to see me. Yet his powerfully depicted adventures go far beyond the story of one man.

Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of "the Brotherhood", and retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's The Waste Land, Joyce, and Dostoevsky.

The radiant, posthumous second novel by the visionary author of Invisible Man, featuring an introduction and a new postscript by Ralph Ellison's literary executor, John F. Callahan, and a preface by National Book Award-winning author Charles Johnson "Ralph Ellison's generosity, humor and nimble language are, of course, on display in Juneteenth, but it is his vigorous intellect that rules the novel. A majestic narrative concept."-Toni Morrison In Washington, D.C., in the 1950s, Adam Sunraider, a race-baiting senator from New England, is mortally wounded by an assassin's bullet while making a speech on the Senate floor. To the shock of all who think they know him, Sunraider calls out from his deathbed for Alonzo Hickman, an old black minister, to be brought to his side. The reverend is summoned; the two are left alone. "Tell me what happened while there's still time," demands the dying Sunraider. Out of their conversation, and the inner rhythms of memories whose weight has been borne in silence for many long years, a story emerges. Senator Sunraider, once known as Bliss, was raised by Reverend Hickman in a black community steeped in religion and music (not unlike Ralph Ellison's own childhood home) and was brought up to be a preaching prodigy in a joyful black Baptist ministry that traveled throughout the South and the Southwest. Together one last time, the two men retrace the course of their shared life in an "anguished attempt," Ellison once put it, "to arrive at the true shape and substance of a sundered past and its meaning." In the end, the two men confront their most painful memories, memories that hold the key to understanding the mysteries of kinship and race that bind them, and to the senator's confronting how deeply estranged he had become from his true identity. In Juneteenth, Ellison evokes the rhythms of jazz and gospel and ordinary speech to tell a powerful tale of a prodigal son in the twentieth century. At the time of his death in 1994, Ellison was still expanding his novel in other directions, envisioning a grand, perhaps multivolume, story cycle. Always, in his mind, the character Hickman and the story of Sunraider's life from birth to death were the dramatic heart of the narrative. And so, with the aid of Ellison's widow, Fanny, his literary executor, John Callahan, has edited this magnificent novel at the center of Ralph Ellison's forty-year work in progress--its author's abiding testament to the country he so loved and to its many unfinished tasks.

Both a deeply compelling bestselling novel and an epic milestone of American literature. Originally published in 1952 as the first novel by a then unknown author, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The book's nameless narrator describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of "the Brotherhood", before retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's The Waste Land, James Joyce, and Dostoevsky.

By the mid-1940s, Gordon Parks had cemented his reputation as a successful photojournalist and magazine photographer, and Ralph Ellison was an established author working on his first novel, Invisible Man (1952), which would go on to become one of the most acclaimed books of the twentieth century. Less well known, however, is that their vision of racial injustices, coupled with a shared belief in the communicative power of photography, inspired collaboration on two important projects, in 1948 and 1952. Capitalizing on the growing popularity of the picture press, Parks and Ellison first joined forces on an essay titled "Harlem Is Nowhere" for '48: The Magazine of the Year. Conceived while Ellison was already three years into writing Invisible Man, this illustrated essay was centered on the Lafargue Clinic, the first nonsegregated psychiatric clinic in New York City, as a case study for the social and economic conditions in Harlem. He chose Parks to create the accompanying photographs, and during the winter months of 1948, the two roamed the streets of Harlem together, with Parks photographing under the guidance of Ellison's writing. In 1952 they worked together again, on "A Man Becomes Visible", for the August 25 issue of Life magazine, which promoted Ellison's newly released novel. Invisible Man: Gordon Parks and Ralph Ellison in Harlem focuses on these two projects, neither of which was published as originally intended, and provides an in-depth look at the authors' shared vision of black life in America, with Harlem as its nerve center.
