Seeing is Understanding. The first VISUAL guide to marine diesel systems on recreational boats. Step-by-step instructions in clear, simple drawings explain how to maintain, winterize and recommission all parts of the system - fuel deck fill - engine - batteries - transmission - stern gland - propeller. Book one of a new series. Canadian author is a sailor and marine mechanic cruising aboard his 36-foot steel-hulled Chevrier sloop. Illustrations: 300+ drawings Pages: 222 pages Published: 2017 Format: softcover Category: Inboards, Gas & Diesel

This popular and highly-acclaimed series includes an abundance of photos, accurate line drawings, fascinating evaluations of aircraft design, and complete histories of aircraft manufacturers.

The most complete visual guide to servicing medium- and heavy-duty truck systems Written by an expert with decades of experience as an automotive and diesel technician and instructor, Truck and Trailer Systems offers comprehensive information on medium- and heavy-duty truck service. The book begins by discussing the trucking industry, professional certifications, safety, tools, and measuring equipment. Then, each system is thoroughly covered—from electrical and lighting to brakes and transmissions. Factory procedures from the most common manufacturers for diagnosis and repair are presented along with annotated photos and diagrams. This practical, authoritative resource is essential for those starting out in the field as well as experienced professionals in need of a detailed, on-the-job reference. Chapters include: Objectives Notes Cautions Service tips Photos and diagrams Chapter reviews Truck and Trailer Systems covers: Industry safety Basic electrical Magnetism Batteries Starting system Charging system Lighting and wiring Computer systems Mobile heating, ventilation, and air-conditioning systems Tires, wheels, and wheel end systems Frames and suspensions Steering systems Trailers and fifth wheels Hydraulic brake systems Air brake foundation brakes Air brake air systems Antilock brake systems Drive lines Clutches Drive axles Single and twin countershaft manual transmissions Automated manual transmissions Automatic transmissions Allison transmission overhaul PMI Auxiliary power units

By modeling ways to think through chaos and through the mutual deformations of Romanticism and postmodernity, Arrow of Chaos contributes to alternative alignments of knowledge across time and technique.

Richard Koch has made over £100 million from spotting 'Star' businesses. In his new book, he shares the secrets of his success - and shows how you too can identify and enrich yourself from 'Stars'. Star businesses are ventures operating in a high-growth sector - and are the leaders in their niche of the market. Stars are rare. But with the help of this book and a little patience, you can find one, or create one yourself. THE STAR PRINCIPLE is a vital book for any budding entrepreneur or investor (of grand or modest means). It is also invaluable for any ambitious employee who realises the benefits of working for a Star venture - real responsibility, fast personal development, better pay, great bonuses and valuable share options. Whoever your are, identifying and investing in Stars will make your life much sweeter and richer in every way.
