A must-have book by acclaimed author and expert H.A. Dorfman that highlights the crucial mental components involved in hitting a baseball and playing the game, components that are as important, if not more so, than the intense physical regimen of an athlete.

In April 1985, Sports Illustrated published an article that stunned the sports community. George Plimpton's 13-page profile of Sidd Finch, a mysterious pitcher who had been signed by the New York Mets and reportedly threw 168 mph, came complete with photos from spring training, scouting reports, and interviews with Mets players and management. A week later, SI apologized to readers around the world for their role in what is generally regarded as the greatest hoax in the history of sports journalism. The magazine had teamed up with the legendary author and Paris Review bon vivant for an April Fool's Day prank of unprecedented proportions. After the success of the article, Plimpton decided to turn the story into a novel - a rousing baseball fairy tale that is considered one of the most memorable sports novels of the last half-century.

Explanation, demonstration, correction and repetition are essential to the activity of teaching. Successful coaches must be able to effectively and consistently incorporate each of these teaching methods into lessons for their teams. Ideal for any age group, the concepts in this guide help coaches to master these basic principles as they focus on the most important elements of how to teach hitting. Introduced with the author's own teaching-coaching philosophy, this work offers 21 chapters covering a hitting coach's every need. When to Start, Bat Size, Grip, Stance, Swing, Drills and Station Work, Bat Speed, Mental Preparation and Confidence, Pinch Hitting and Running a Hitting Clinic are a few examples of the many specific instructional sections included here. There are 137 photographs that supplement the text.

Major league players, managers, and coaches review the basic techniques of the game and discuss strategy and all levels of management
