This book provides a unique perspective on the linguistic relationships between the Ancient Egyptian and Bantu languages of East/Central/Southern Africa. It will be of interest to readers of Egyptology, linguists, students, and the wider public who wish to find out more about the structure of the Ancient Egyptian language and how it connects with other languages, particularly with Bantu languages. The subject matter is different from other books as it examines the etymology of words, together with their sound/meaning relationships and shows by using verifiable hieroglyphic forms how Ancient Egyptian words may be pronounced by inserting Bantu vowels which fit the meanings derived from the skeletal templates of consonants in the Ancient Egyptian language.

It also presents a new simplified molecular beacon design, EasyBeacons, and demonstrates the utility in DNA methylation profiling.

The Science of Getting Rich by Wallace D. Wattles & The Master Key System by Charles Haanel
The Science of Getting Rich
THERE is a Science of getting rich, and it is an exact science, like algebra or arithmetic. There are certain laws which govern the process of acquiring riches; once these laws are learned and obeyed by any man, he will get rich with mathematical certainty. The Master Key System Charles F. Haanel was a successful business man who discovered that spiritual life is a key to success in everything you do. He proved that what is happening outside is in a direct relation to what is taking place in your consciousness. When the Master Key was published, it was one of those books that successful business men wanted out of the market. They didn't want people to read this book as its truths would help anyone to overcome limitations. He explains in very plain language how to
