(Applause Books). It is hard to believe that over 25 years have passed since A Chorus Line first electrified a New York audience. The memories of the show's birth in 1975, not to mention those of its 15-year-life and poignant death, remain incandescent and not just because nothing so exciting has happened to the American musical since. For a generation of theater people and theatergoers, A Chorus Line was and is the touchstone that defines the glittering promise, more often realized in legend than in reality, of the Broadway way. This impressive book contains the complete book and lyrics of one of the longest running shows in Broadway history with a preface by Samuel Freedman, an introduction by Frank Rich and lots of photos from the stage production.

It was supposed to be a one night stand... one hot, sweaty, toe-curlingly good night. Meet Mr. Tall, Dark and Handsome at a bar, and take him home. Check and check. But I'd never been taken like that, possessed like that... ever.The next morning, he's gone. And I have the real world to get back to. Not the fantasy he made come true. I put on my tallest heels, and get ready to meet my brand new boss.Only, it's him. Mr. Sexy Smile from last night is Smith Calloway. I'm assigned to be his personal executive assistant... and also to dig into his company's financial records working as an undercover journalist. And Smith hasn't exactly forgotten last night... Every glance is heated, and the tension thickens every time I walk into his office.Late nights, long hours, and the two of us forced into close confines... That same amazingly hot, scream-my-name sex is calling to both of us. We're so close to ripping each others' clothes off, with only the what-ifs holding us back. Will we both cave? Or will we covet one another forever?Covet is a raunchy, sweaty, good time at approximately 53,000 words. There is no cheating, no cliffhangers, and HEA guaranteed! Enjoy a complimentary copy of Hard Up for a limited time!

Complete coverage for your Kawasaki Z1000, Z1000SX & Versys 1000 (10-16)

A collection of surefire strategies, proven tips, simple parables, and unique techniques from the founder and chairman of the Daewoo Group reminds Americans what it takes to achieve real success in today's business world. 50,000 first printing. \$40,000 ad/promo.

Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

2003-2006 HONDA CBR600RR

Take a full-throttle tour through more than a century of Harley-Davidson history with this definitive e-guide. The Ultimate Harley-Davidson tells the story of the world's greatest motorcycle make--from its origins in a backyard shed to the international company it is today, more than 100 years later. From the early bikes and their key innovations to the v-rod and sports bikes of recent years, it is the complete e-guide for lovers of this American classic. Gloriously illustrated gallery spreads showcase more than 70 of the best-loved Harleys ever created, drawing out their defining features. Spectacular close-ups of key engines explain how the classic Harleys ran, while an updated catalog of every production model provides technical data and key specs for each bike. Whether you're an easy rider or born to be wild--or just mad about motorcycles--there is only one Harley-Davidson, and this is the ebook for you.

Haynes disassembles every subject vehicle and documents every step with thorough instructions and clear photos. Haynes repair manuals are used by the pros, but written for the do-it-yourselfer.
