**** COMPLETELY STANDALONE ****Discover a brand new race of Alpha males ready to find their mates in a dangerous warrior planet. Sassy women traveling with Gerri Wilder are in for the journey of a lifetime and a mate that will love them through the galaxy. Are you ready? Ivy Grimaldi can't stand change. Ever. But change is something she's had to deal with a lot lately. Like when her cousin Cassandra moved away to start a new life, baby and all. That all changes when Gerri Wilder shows up at her door with a letter from her cousin. Cassie wants her to come visit. Sure, why not? There's just one problem. Cassie lives on another planet. A far-the-heck-away planet, with her hotter than hell shifter mate. Vander Kasval, King of the shifter warrior planet Galaxa, has his own problems with change. A lead by example kind of a king, he's between a rock and a hard place. He needs to find a mate to help put an end to a brewing civil war. None of this would be happening if not for a plague affecting only the females of his planet. His warriors and the men of the Palladian Capitol are ready to riot. Vander reluctantly agrees to send for matchmaker, Gerri Wilder. If she can find a match for him and his men, then his world might be saved. Ivy agrees to go, if only to make sure Cassie's okay. Oh, alright, and to maybe find an intergalactic hookup for herself in the process. In a planet full of big, bad, sexy shifters, anything's possible, right? Ivy's in for the time of her life in a planet of unimaginable beauty and dangers she had no idea existed. But Ivy isn't one to sit idly by and let something happen. With two new friends, they're about to take Galaxa by storm.

****STANDALONE ****Discover a brand new race of Alpha males ready to find their mates in a dangerous warrior planet. Sassy women traveling with Gerri Wilder are in for the journey of a lifetime and a mate that will love them through the galaxy. Are you ready? Grab the third Galaxan romance between two sexy warriors and their fiery mate. Henley Rourke is a woman who loves a challenge. A while back, Gerri Wilder convinced her and two friends to make an interstellar jump to another galaxy. A thrill too hard

to resist, Henley found herself on a planet filled with gorgeous shifters. But she's restless and looking for a little adventure. And then she meets Damen Iceri. Badass. Shifter. Oh, yeah, and so hot, he makes her undies disappear. She gets more than she expects when she realizes Damen isn't the only hot shifter who wants her. Gunner Lukas, alpha of the Summit Bear Clan is a pair with Damen. Gunner is also the alpha to Damen's omega. Bound by tradition and ritual, these two bears are looking for their mate, the one woman to complete their triad. And that's Henley. But he's not sure how she will handle finding out. When this triad gets together, things go from hot to explosive. They're ready to make their mating dreams come true along with all the dirty thoughts she's had since meeting them. A forever threesome? All about her? Yes, please! But there's no time to think about forever-not when they are charged with finding the source behind a series of deaths by poison and doing their best to keep Henley from becoming the next victim.

Attention is something Riley Parks usually shies away from, but when she finds herself on a shifter planet in a distant galaxy, attention is exactly what she's getting. Especially from one smokin' hot hunk of a man. Jag. The man sends her body into heat and her mind to a scramble whenever he's near, but she's not having it. No way. A little taste might not hurt, though, right? Royal prince, warrior, and womanizer, Jag Kasaval has his sights set on Riley. She turns his world upside down and his inner lion is clawing to claim her. Not used to rejection, he's willing to do anything to get his mate. What he didn't expect was a feisty hellcat waiting to be unleashed beneath her quiet exterior. Riley and Jag are thrown together to help plan a royal wedding and coronation. She refuses to admit Jag is exactly the man she wants, even if matchmaker Gerri Wilder says it's in the cards. In the midst of palace intrigue, Riley's swept up in scandal and danger that drags her beyond the Galaxa she's come to know. With her life in the balance, Jag will have to find her before it's too late or lose her forever.

Sisters Elsa and Tamsin Montgomery--the former, a minister who has her faith shaken after a murder strikes her congregation, and the latter, a wife whose husband is revealed to be a criminal--find healing in their work at a community garden. Includes recipes. By the author of How to Bake a Perfect Life. Original. 50,000 first printing.

She'll do anything to free her sister and save the Earth from invasion, even if she's blackmailed into stealing sacred alien artifacts...and becomes the prey of the dark, deadly warrior sent to hunt her down.Special Forces Space Marine Lara Traynor wants to save her sister and her planet from annihilation by the deadly insectoid Kantos. Earth's Space Corps give her one option: steal three gems sacred to the Eon Warriors. Lara has never failed a mission and she doesn't plan to start now. What she doesn't expect

is the big, hard-bodied warrior the Eon sent to stop her. Security Commander Caze Vann-Jad was born and raised to be the best Eon warrior in the empire. Honed by the military academy, his years as a stealth agent, and by his hard warrior father, he has never failed. He knows one weak, inferior Terran is no match for him. But when he finds himself face to face with the tough, skilled Lara, he realizes he's underestimated the female warrior. When they are attacked by a Kantos kill squad, it soon becomes clear that the Kantos are planning something far darker and dangerous. Caze and Lara are forced to change their dangerous battle of wits and skill into a fierce battle for survival. Neither of these fighters believe in love, but on the trail of a stolen gem, they will ignite an unstoppable desire, and discover that not only are their lives at stake, but their hearts as well.

From the New York Times bestselling author of Star Wars: Lost Stars and Bloodline comes a thrilling sci-fi adventure that Kass Morgan, bestselling author of The 100 series, calls "startlingly original and achingly romantic...nothing short of masterful." She's a soldier--Noemi Vidal is willing to risk anything to protect her planet, Genesis, including her own life. To their enemies on Earth, she's a rebel. He's a machine--Abandoned in space for years, utterly alone, Abel's advanced programming has begun to evolve. He wants only to protect his creator, and to be free. To the people of Genesis, he's an abomination. Noemi and Abel are enemies in an interstellar war, forced by chance to work together as they embark on a daring journey through the stars. Their efforts would end the fighting for good, but they're not without sacrifice. The stakes are even higher than either of them first realized, and the more time they spend together, the more they're forced to question everything they'd been taught was true. An epic and romantic adventure, perfect for fans of The Lunar Chronicles and Illuminae.

Their union could save a species. First, they'll have to save themselves. The Auxem are desperate. A virus has killed all their women and is beginning to affect the males' fertility. Their only chance for survival is mating with human women. Jayne Lynch is in charge of supervising the small group of volunteers who will be test subjects for a breeding program with the aliens. She's supposed to be impartial, but then she meets Arnon, the dark-haired, dark-eyed, muscular crown prince. The chemistry between them is too strong to ignore. Arnon is equally drawn to the curvy, blonde-haired Earthling. His father, the king, doesn't approve, but Arnon thinks Jayne is perfect - until he learns that she hasn't been entirely honest with him. The catch is that Arnon is hiding a painful secret of his own. Can he and his mate learn to trust each other in time to save their marriage and the breeding program? Or is their happy ending doomed...along with everyone on Auxem? Auxem is Book 13 in the TerraMates series and a

STAND-ALONE, full-length science fiction romance. There are no cliffhangers, and a happy ending is guaranteed!

Combining the social commentary of *The Handmaid's Tale* with the white-knuckled thrills of *Red Rising*, this epic space opera filled with "lush prose" (Publishers Weekly) follows a comfort woman as she claims her agency, a soldier questioning his allegiances, and a non-binary hero out to save the solar system. First Sister has no name and no voice. As a priestess of the Sisterhood, she travels the stars alongside the soldiers of Earth and Mars—the same ones who own the rights to her body and soul. When her former captain abandons her, First Sister's hopes for freedom are dashed when she is forced to stay on her ship with no friends, no power, and a new captain—Saito Ren—whom she knows nothing about. She is commanded to spy on Captain Ren by the Sisterhood, but soon discovers that working for the war effort is much harder when you're falling in love. Lito val Lucius climbed his way out of the slums to become an elite soldier of Venus but was defeated in combat by none other than Saito Ren, resulting in the disappearance of his partner, Hiro. When Lito learns that Hiro is both alive and a traitor to the cause, he now has a shot at redemption: track down and kill his former partner. But when he discovers recordings that Hiro secretly made, Lito's own allegiances are put to the test. Ultimately, he must decide between following orders and following his heart. With "a layered, action-filled plot and diverse characters" (Library Journal), *The First Sister* explores the power of technology, colonization, race, and gender and is perfect for fans of James S.A. Corey, Chuck Wendig, and Jay Posey.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
