economics in business decision making. The text's intuitive approach clearly highlights how economics influences marketing, management, and other business-related decisions. In addition to traditional principles of price theory, MANAGERIAL ECONOMICS, 2e, International Edition examines organizational behavior, strategic management, human resource management, and emerging issues such as game theory, TQM, and information economics. MANAGERIAL ECONOMICS, 2e, International Edition departs from convention to illustrate the role of economic intuition in making sound business decisions.

While other texts focus on quantitative analysis, this book emphasizes logic and conceptual modeling -- reinforced by real-life examples -- to highlight the pivotal link between economics and key business concerns such as costs, prices, markets, and personnel. Readers learn to weigh the strategic costs and benefits of each business choice, instead of relying on popular quick-fix solutions. Ideal for MBA programs and less quantitative courses, *MANAGERIAL ECONOMICS, 2e, International Edition* demonstrates the power of economic insight on business decision making.
