Presents an easy-to-understand guide to the Samsung Galaxy S II, and includes guides on how to take photographs, synchronize contacts, browse the Internet, and organize a music library.

The Galaxy A12 was unveiled by Samsung on November 24th 2020. Unsurprisingly, given its designation, the Galaxy A12 is another wonderful and beautiful budget smartphone which belongs to the 2021 Galaxy A lineup gadget. The Galaxy A12 has a good unibody design, this means that it doesn't have a metal frame like many other Galaxy phones on the market, separating the front and back panels. Instead, the case is designed with just a single molded piece that belts around all four edges until it gets to the display. The phone carries some physical buttons on the right side of the edge, and the back panel is also built to accommodate a square-shaped camera module alongside with an LED flash. The Samsung Galaxy A12 is designed to use an Infinity-V display with a V-shaped notch as well. This smartphone measures at 164 x 75.8 x 8.9 mm, it also weighs 205 grams, and its going to be in circulation in four beautiful color options: black, blue, red, and white. The Galaxy A12 comes with a 6.5-inch HD+ TFT display driven by an unspecified octa-core chipset with two unique CPU assembled together, operating at frequencies of 1.8GHz and 2.3GHz. The application processor is paired with the following 3GB / 4GB / 6GB of RAM as well as 32GB / 64GB / 128GB of internal, expandable storage. This phone is highly equipped with a superb side-mounted fingerprint scanner, and it also boasts a generous 5,000mAh battery with a support of 15W fast charging. It has a 3.5mm audio port at the base of the phone.
