In Downing's quiet sequel to Zoo Station , set mostly in Berlin in 1939, British journalist John Russell gets involved in multiple intrigues while working as an amateur spy for the intelligence ...

Working as a reluctant double agent for Russia and the CIA in politically strained 1948 Berlin, John Russell is approached by a woman he saved during World War II who begs his help reclaiming her child from behind the Iron Curtain.

Berlin, 1948. Still occupied by the four Allied powers and largely in ruins, the city has become the cockpit of a new Cold War. The legacies of the war have become entangled in the new Soviet-American conflict, creating a world of bizarre and fleeting loyalties—a paradise for spies. As spring unfolds, a Western withdrawal looks increasingly likely. Berlin ’ s German inhabitants live in fear of the Soviet forces who occupy half the city, and whose legacy of violence has ripped apart many families. John Russell works for both Stalin's NKVD and the newly created CIA, trying his best to cut himself loose from both before his double-agency is discovered by either. As tensions between the great powers escalate, each passing day makes Russell ’ s position more treacherous. He and his Soviet liaison, Shchepkin, seek out one final operation—one piece of intelligence so damning it could silence the wrath of one nation and solicit the protection of the other. It will be the most dangerous task Russell has ever taken on, but one way or the other, it will be his last.

When an American journalist living in 1939 Germany agrees to write articles for the Soviets, he gets dragged into dangerous activities and is sought by warring factions when British and Nazi intelligence discover his actions.

Praise for David Downing: “ [Downing] ’ s excellent at building suspense . . . and shows a keen eye for describing people and places. ” —Sacramento Bee “ An extraordinary evocation of Nazi Germany on the eve of war, the smell of cruelty seeping through the clean modern surface. ” —C. J. Sansom, author of Sovereign Summer, 1939. British journalist John Russell has just been granted American citizenship in exchange for agreeing to work for American intelligence when his girlfriend Effi is arrested by the Gestapo. Russell hoped his new nationality would let him safely stay in Berlin with Effi and his son, but now he ’ s being blackmailed. To free Effi, he must agree to work for the Nazis. They know he has Soviet connections and want him to pass them false intelligence. Russell consents, but secretly offers his services to the Soviets instead—not for anything too dangerous, though, and only if they ’ ll sneak him and Effi out of Germany if necessary. It ’ s a good plan, but soon things become complicated. A Jewish girl has vanished, and Russell feels compelled to search for her. A woman from his past, a communist, reappears, insisting he help her reconnect with the Soviets, who turn out to demand more than Russell hoped. Meanwhile, Europe lurches toward war, and he must follow the latest stories—to places where American espionage assignments await him. David Downing is the author of numerous works of fiction and nonfiction for adults and children, including Zoo Station, the first novel featuring John Russell. He lives in Guildford, England. From the Hardcover edition.

Caught between Soviets and Americans, John Russell can't escape his role as an accidental spy Book 5 in the John Russell historical thriller series. It ’ s 1945, and British journalist John Russell has finally reunited with his German girlfriend, Effi, in London after a dangerous flight from war-torn Berlin. But Russell realizes his new life in England isn ’ t going to last when he is tracked down by Soviet agent Shchepkin, who helped Russell escape the disastrous last days of the war and the Russian army ’ s destruction of Berlin. It is time to repay the debt, and Shchepkin ’ s bosses in Moscow are not the forgiving types. Russell has no choice but to agree to be transferred back to Germany, where he will resume his cover as an investigative journalist and hand over US intelligence reports on the German Communist Party. Meanwhile, Effi struggles to revive her acting career, but she cannot fight the desire to uncover ex-Nazi Party members still at large in Berlin. In this dangerous new world, where alliances change every day, will John and Effi be able to leave the past behind? Or are the new enemies the same as the old?

The prequel to David Downing ’ s bestselling Station series introduces John Russell, an Englishman with a political past who must keep his head down as the Nazis solidify their power. February 27, 1933. In this stunning prequel to the John Russell espionage novels, the Reichstag parliament building in Berlin is set ablaze. It ’ s just a month after Hitler ’ s inauguration as Chancellor of Germany, and the Nazis use the torching to justify a campaign of terror against their political opponents. John Russell ’ s recent separation from his wife threatens his right to reside in Germany and any meaningful relationship with his six-year-old son, Paul. He has just secured work as a crime reporter for a Berlin newspaper, and the crimes which he has to report—the gruesome murder of a rent boy, the hit-and-run death of a professional genealogist, the suspicious disappearance of a Nazi-supporting celebrity fortune-

teller—are increasingly entangled in the wider nightmare engulfing Germany. Each new investigation carries the risk of Russell ' s falling foul of the authorities, at a time when the rule of law has completely vanished, and the Nazis are running scores of pop-up detention centers, complete with torture chambers, in every corner of Berlin.

In April 1945, Hitler ' s Reich is on the verge of extinction. Assaulted by Allied bombs and Soviet shells, ruled by Nazis with nothing to lose, Berlin has become the most dangerous place on earth. John Russell ' s son Paul is stationed on the Eastern Front with the German Army, awaiting the Soviets ' final onslaught. In Berlin, Russell ' s girlfriend Effi has been living in disguise, helping fugitives to escape from Germany. With a Jewish orphan to care for, she ' s trying to outlast the Nazis. Russell hasn ' t heard from either of them since fleeing Germany in 1941. He is desperate to find out if they ' re alive and to protect them from the advancing Red Army. He flies to Moscow, seeking permission to enter Berlin with the Red Army as a journalist, but when the Soviet ' s arrest him as a spy, things look bleak—until they find a use for him that has him parachuting into Berlin behind German lines.

"First published in the UK in 2009 by Old Street Publishing"--T.p. verso.

Los Lobos leaped into the national spotlight in 1987, when their cover of “ La Bamba ” became a No. 1 hit. But what looked like an overnight achievement to the band ' s new fans was actually a way station in a long musical journey that began in East Los Angeles in 1973 and is still going strong. Across four decades, Los Lobos (Cesar Rosas, Conrad Lozano, David Hidalgo, Louie P é rez, and Steve Berlin) have ranged through virtually the entire breadth of American vernacular music, from rockabilly to primal punk rock, R&B to country and folk, Mexican son jarocho to Tex-Mex conjunto and Latin American cumbia. Their sui generis sound has sold millions of albums and won acclaim from fans and critics alike, including three Grammy Awards. *Los Lobos*, the first book on this unique band, traces the entire arc of the band ' s career. Music journalist Chris Morris draws on new interviews with Los Lobos members and their principal collaborators, as well as his own reporting since the early 1980s, to recount the evolution of Los Lobos ' s music. He describes the creation of every album, lingering over highlights such as *How Will the Wolf Survive?*, *La Pistola y El Corazon*, and *Kiko*, while following the band ' s trajectory from playing Mexican folk music at weddings and dances in East L.A. to international stardom and major-label success, as well as their independent work in the new millennium. Giving one of the longest-lived and most-honored American rock bands its due, *Los Lobos* celebrates the expansive reach and creative experimentalism that few other bands can match.

This provocative alternative history looks at the Second World War from a new angle - what might have happened had the Germans taken Moscow in 1941. Based on authentic history and real possibilities, this unique speculative narrative plays out the dramatic consequences of opportunities taken and examines the grotesque possibilities of a Third Reich triumphant. On 30 September 1941, the Germans fight their way into the ruins of Moscow and the Soviet Union collapses. Although Russian resistance continues, German ambition multiplies after this signal success and offensives are launched in Africa, the Mediterranean and the Middle East. Hitler's armies, assured of victory, make their leader's dreams reality and Allied hopes of recovery seem almost hopelessly doomed. David Downing convincingly blends actual history with the stimulating world of alternate events. *The Moscow Option* is a chilling reminder that history might easily have been very different.
