twenty-five years since Gus and Monica left England to start a new life in Spain, building a vineyard and wine business from the ground up. However, when Gus suffers a stroke and their idyllic Mediterranean life is thrown into upheaval, it's left to their three grown-up children in London to step in . . . Sebastian is busy running his company with his wife, Anna, who's never quite seen eye-to-eye with her mother-in-law. Katie, a successful solicitor in the City, is distracted by the problems with her long-term partner, Nic, and the secretive lives of their three daughters. And Jake, ever the easy-going optimist, is determined to convince his new wife, Bella, that moving to Spain with their eighteen-month-old would be a good idea. As the children descend on the vineyard, it becomes clear that each has their own idea of how best to handle their mum and dad, as well as the family business. But as long-simmering

A brother and sister cope with loss and trauma—and fight to keep what's left of their family together—in a “compelling” novel by a Newbery Honor Medal winner. Jenna and Jeremy knew their parents' marriage was in trouble. That was pretty obvious. But no one who knew the family could have predicted what would come next. One afternoon, Jenna and Jeremy are pulled from class and given horrifying news: their father, a college psychologist, has just shot their mother to death on a public street. Now, Mom is dead, Dad is in jail, and a fifth-grade boy and his fourteen-year-old sister

Not only grief, anger, confusion, and guilt—but their dad’s motive, the secrets in their mother’s diary, and shifting loyalties that are driving Jenna and Jeremy even further apart. With their fragile new lives in free fall, and their father about to stand trial, they’re now going to have to confront the unimaginable. From an author who has been a finalist for the National Book Award, among numerous other honors, this is “a compelling story suffused with raw and honest emotion” (Kirkus Reviews) and “a taut psychological mystery” (Publishers Weekly).

Much has been written both about and by people who feel they were assigned the wrong body at conception, exploring the struggles and too often the tragedies that result from that mismatch of nature. Very little has been written, however, to chronicle the lifelong struggle of people to understand and come to terms with two distinct sets of emotions, one male and one female – a single soul, at times divided, at times united, by two clearly identifiable spirits. *Dear Mom and Dad: You Don't Know Me, But ...* traces the life of George through the eyes of Georgia, the female half of their soul, from early childhood in the post war Texas oil fields through the innocence of his early school years in northeastern Oklahoma. With the onset of puberty, Georgia watches the omnipresent feeling of not being normal cast a destructive pall over nearly everything

George attempts. After the collapse of his lifelong dream, George begins again with hopes, new dreams and the love they've both longed for. Georgia finally emerges, but understanding her part in their soul comes slowly and is complicated by a tragedy of profound proportion. Dear Mom and Dad considers the ultimate understanding of God's will for both George and Georgia and its unusual conclusion, sharing a story of struggle and self-acceptance.

experiences. Drawing from existing developmental research, the wide range of family reactions and factors that determine how parents come to terms with the disclosure over time is illustrated. The author reveals that the coming out experience is greatly influenced by gender, and chapters highlight common mother-daughter, mother-son, father-daughter, and father-son dynamics. Tips on how parents can be helped to negotiate the coming out process and learn to support their child's emerging sexual identity are suggested at the end of the book.
