“SO FUNNY I LAUGHED OUT LOUD” CHARLAINE HARRIS What would Kurt Russell do? Oxford police detective Arthur Wallace asks himself that question a lot. While he's a good cop, he prefers his action on the big screen. But when he sees tentacles sprouting from the neck of a fresh corpse, the secretive government agency MI37 comes to recruit Arthur in its struggle against a threat from another dimension known as the Progeny. But Arthur is NO HERO! Can an everyman stand against sanity-ripping cosmic horrors? “Impeccably written - literally unputdownable... Unarguably one of the best novels I've read so far this year.” BARNESANDNOBLE.COM “The book Lovecraft might have written if he had a sense of humor and watched too many Kurt Russell movies... Recommended.” THE MAD HATTER BOOKSHELF AND REVIEW “[An] overload of awesome. The story reads like a fever dream of action, in a good way.”?BOOKGASM

When it rains it pours... monster machines. That attack during a funeral and ruin everyone's day. MI317—the government department devoted to defending Britain from cosmic horrors—is under siege, so Arthur Wallace and his team must travel to Area 51, ably—and oddly—assisted by Agent Gran. But their travels don't end there, not when there's an Arctic town populated entirely by spore zombies and the 2.0 version of Clyde has some funny ideas about how to save the world.

## Access Free No Hero Arthur Wallace 1 Jonathan Wood

Another day, another zombie T-Rex to put down. All part of the routine for Arthur Wallace and MI37—the government department devoted to defending Britain from threats magical, supernatural, extraterrestrial, and generally odd. But a zombie T-Rex is only the first of Arthur's problems, as Russian cyborg wizards threaten his life, and his coworkers threaten his sanity.

In the pre-dawn hours of August 24th, 1305, in London's Smithfield Prison, the outlaw William Wallace—hero of all the Scots and deadly enemy of King Edward of England—sits awaiting the dawn, when he is to be hanged and then drawn and quartered. This brutal sundering of his body is the revenge of the English. Wallace is visited by a Scottish priest who has come to hear his last confession, a priest who knows Wallace like a brother. Wallace's confession—the tale that follows—is all the more remarkable because it comes from real life. We follow Wallace through his many lives—as outlaw and fugitive, hero and patriot, rebel and kingmaker. His exploits and escapades, desperate struggles and victorious campaigns are all here, as are the high ideals and fierce patriotism that drove him to abandon the people he loved to save his country. William Wallace is the first heroic figure from the Scottish Wars of Independence, a man whose fame has reached far beyond his homeland. Wallace served as a subject for the Academy Award-winning film *Braveheart*. In *The Forest Laird*, Jack Whyte's masterful storytelling breathes life into Wallace's tale, giving readers an amazing character study of the man who

helped shape Scotland's future. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Cthulhu Mythos is one of the 20th century's most singularly recognizable literary creations. Initially created by H. P. Lovecraft and a group of his amorphous contemporaries (the so-called "Lovecraft Circle"), The Cthulhu Mythos story cycle has taken on a convoluted, cyclopean life of its own. Some of the most prodigious writers of the 20th century, and some of the most astounding writers of the 21st century have planted their seeds in this fertile soil. The Book of Cthulhu harvests the weirdest and most corpulent crop of these modern mythos tales. From weird fiction masters to enigmatic rising stars, The Book of Cthulhu demonstrates how Mythos fiction has been a major cultural meme throughout the 20th century, and how this type of story is still salient, and terribly powerful today.

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value.

It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

"The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown." --H. P. LOVECRAFT, "Supernatural Horror in Literature" Howard Phillips Lovecraft forever changed the face of horror, fantasy, and science fiction with a remarkable series of stories as influential as the works of Poe, Tolkien, and Edgar Rice Burroughs. His chilling mythology established a gateway between the known universe and an ancient dimension of otherworldly terror, whose unspeakable denizens and monstrous landscapes--dread Cthulhu, Yog-Sothoth, the Plateau of Leng, the Mountains of Madness--have earned him a permanent place in the history of the macabre. In *Tales of the Cthulhu Mythos*, a pantheon of horror and fantasy's finest authors pay tribute to the master of the macabre with a collection of original stories set in the fearsome Lovecraft tradition:

- *The Call of Cthulhu* by H. P. Lovecraft: The slumbering monster-gods return to the world of mortals.
- *Notebook Found in a Deserted House* by Robert Bloch: A lone farmboy chronicles his last stand against a hungering backwoods evil.
- *Cold Print* by Ramsey Campbell: An avid reader of forbidden books finds a treasure trove of deadly volumes--available for a bloodcurdling price.
- *The Freshman* by Philip José Farmer: A student of the black arts receives an education in horror at notorious

Miskatonic University. PLUS EIGHTEEN MORE SPINE-TINGLING TALES!

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

A lethal virus is awoken on an abandoned spaceship in this incredibly fast-paced, claustrophobic thriller. They thought the ship would be their salvation. Zahra knew every detail of the plan. House of Wisdom, a massive exploration vessel, had been abandoned by the government of Earth a decade earlier, when a deadly virus

## Access Free No Hero Arthur Wallace 1 Jonathan Wood

broke out and killed everyone on board in a matter of hours. But now it could belong to her people if they were bold enough to take it. All they needed to do was kidnap Jaswinder Bhattacharya--the sole survivor of the tragedy, and the last person whose genetic signature would allow entry to the spaceship. But what Zahra and her crew could not know was what waited for them on the ship--a terrifying secret buried by the government. A threat to all of humanity that lay sleeping alongside the orbiting dead. And then they woke it up.
