By Shaykh Abdool Rahman Khan Generosity is defined as giving freely without expecting anything in return. The best of human beings Muhammad was an exemplar of this. Speaking in relation to the terrorist attacks which took place in France on 7th January 2015, Shaykh Ubayd al-Jābirī said, "I advise the [imāms] who give sermons, the teachers, the lecturers and Muslim journalists to unite upon a single word and it is: To openly announce [their] disavowal and innocence from this action and other actions of anarchy... The people of the Sunnah hold it as their religion before Allāh that in the lands of Europe, America and other non-Muslim lands besides them in which they have settled there is a covenant, a contract [binding upon them]. Hence, they must not violate it [through treachery], ever." And Shaykh Rabī bin Hādī speaking in defence of the Prophet Muḥammad (peace be upon him) with respect to the slanderous and abusive Danish cartoons, said, "Muḥammad (peace be upon him) and his rightly-guided Caliphs and his noble Companions did not erect factories for the manufacture of elementary weapons such as swords and spears, let alone atomic bombs and missiles and other such wholly destructive weapons. Muḥammad (peace be upon him) did not erect a single factory because he was sent as a mercy to the worlds, to guide all of mankind to that which brings them happiness in the world and afterlife." This book explores the attempts of immoral and spiteful souls to malign the Prophet Muḥammad (peace be upon him) through caricatures and cartoons. Likewise the ideology of the Khārijite terrorists, its remoteness from Islām and the complete innocence of the Prophet Muḥammad (peace be upon him) from such an ideology and its propounders are presented in detail. The issues of jihād and Muslim relations with others in non-Muslim lands are also discussed. This book is for open-minded people who wish to have an accurate understanding of Islām in order to see beyond the incessant propaganda and hate-mongering current in the media.

In Memories of Muhammad: Why the Prophet Matters, leading Islamic scholar Omid Safi presents a portrait of Muhammad that reveals his centrality in the devotions of modern Muslims around the world. This religious biography offers new insights into Islam, covering such hot button issues such as the spread of Islam, holy wars, the role of women, the significance of Jerusalem, tensions with Jews and Christians, wahabbi Islam, and the role of cyberspace in the evolution of the religion.

devout believers. Jews, Christians, or Muslims feel the ultimate focal point of their uncompromising desire for dominion and presence in that "most holy place" is the reason for the ever explosive tinder box in the turbulent Middle East. The "ground zero" of this focal point is "The Temple Mount" in Jerusalem. The Crusaders marched on Jerusalem to "liberate it and "The Temple Mount" from the Muslim "infidels." Salah a- Din marched on Jerusalem to re-conquer it and "The Temple Mount" from the Christian "infidels." In the "Six Day War" Jews have finally reclaimed the city and their "Temple Mount" from the Muslim "infidels." Ever since, Jews, Christians, and Muslims have never given up their non-negotiable intense desire to have an absolute dominion over The Holy City and "The Temple Mount." Jews have religious and historic reasons for maintaining absolute control over Jerusalem and especially "The Temple Mount." Christians have similar feelings. Muslims maintain, according to their beliefs, that Jerusalem is holy because their prophet Muhammad has ascended up to Heaven from the mosque located in "The Temple Mount." Shockingly as it may sound, though Jerusalem is "The Holy City," what is believed to be the location of "The Temple Mount" is nothing, though unintentionally, but a hoax -- the "Hoax of the Millennium." In the pages of this work, this "audacious" contention to many, will be amply proven, beyond the shadow of a doubt, from the pages of the Bible as well as from faithful historic accounts of Jews, contemporary non- Jewish historians, Christian and Muslim recorded and preserved accounts.

All religions believe in an afterlife existence immediately after death. All believe in the immortality of the soul. Some believe in reincarnation. Jews, Christians, and Muslims believe that good people will go to Heaven, evil ones will go to Hell. Many devout Jews pray to their Saints in Heaven. Catholics pray to their Saints, especially to Mary -- The Queen of Heaven. Protestants pray to their loved ones in Heaven. Devout Muslims believe that their Prophet Muhammad ascended up to Heaven from Jerusalem. They regard this city as the third holiest place to Islam. As a consequence, much of the Jew/Arab conflict centers over the holiness of the City to both Jews and Muslims -- and the alleged Temple Mount true location. Fanatic Muslim terrorists believe the road to Paradise as Shahids, immediately after death, must be paved over the body parts of their indiscriminate victims. According to Irans president, Ahmadinejad, the purpose of the revolution and nuclear Iran is to prepare for the imminent return of the Mahdi, the twelfth Imam. Hence Israel must be destroyed, the West must be subjugated, and the rest of the world must submit to the coming Mahdis reign of peace on earth. If the belief in an afterlife -- immediately after death -- is true, then both the Bible and the Quran should fully confirm it in plain words. But what if they, instead, contradict it? What if God, Jesus, and Muhammad are not the source of this doctrine? What if the doctrine of an afterlife immediately after death is a hoax? What if man has no immortal soul? In the pages of this book, the unbiased reader will discover the real story about the afterlife, the true destiny of humanity, the true location of the Temple Mount in Jerusalem and its link to the afterlife.

If Tripping with Allah is a road book, it's a road book in the tradition of 2001: A Space Odyssey, rather than On the Road. Amazonian shamanism meets Christianity meets West African religion meets Islam in this work of reflection and inward adventure. Knight, the "Hunter S. Thompson of Islamic literature" seeks reconciliation between his Muslim identity and his drinking of ayahuasca, a psychedelic tea that has been used in the Amazon for centuries. His experience becomes an opportunity to investigate complex issues of drugs, religion, and modernity. Though essential for readers interested in Islam or the growing popularity of ayahuasca, this book is truly about neither Islam nor ayahuasca. Tripping with Allah provides an accessible look into the construction of religion, the often artificial borders dividing these constructions, and the ways in which religion might change in an increasingly globalized world. Finally, Tripping with Allah not only explores

Islam and drugs, but also Knight's own process of creativity and discovery.

A narrative history of the origins of the Shia and Sunni conflict describes how a seventh-century struggle between the supporters of the late Muhammad's surviving family members erupted in a massacre at Karbala that would become a central component of Shia Islam.

“A welcome expansion of the fragile territory known as common ground.” —The New York Times When Reza Aslan's bestseller *Zealot* came out in 2013, there was criticism that he hadn't addressed his Muslim faith while writing the origin story of Christianity. In fact, Ross Douthat of The New York Times wrote that “if Aslan had actually written in defense of the Islamic view of Jesus, that would have been something provocative and new.” Mustafa Akyol's *The Islamic Jesus* is that book. The Islamic Jesus reveals startling new truths about Islam in the context of the first Muslims and the early origins of Christianity. Muslims and the first Christians—the Jewish followers of Jesus—saw Jesus as not divine but rather as a prophet and human Messiah and that salvation comes from faith and good works, not merely as faith, as Christians would later emphasize. What Akyol seeks to reveal are how these core beliefs of Jewish Christianity, which got lost in history as a heresy, emerged in a new religion born in 7th Arabia: Islam. Akyol exposes this extraordinary historical connection between Judaism, Jewish Christianity and Islam—a major mystery unexplored by academia. From Jesus' Jewish followers to the Nazarenes and Ebionites to the Qur'an's stories of Mary and Jesus, *The Islamic Jesus* will reveal links between religions that seem so contrary today. It will also call on Muslims to discover their own Jesus, at a time when they are troubled by their own Pharisees and Zealots.

In the midst of the dramatic seventh-century war between two empires, Muhammad was a spiritual seeker in search of community and sanctuary. Many observers stereotype Islam and its scripture as inherently extreme or violent—a narrative that has overshadowed the truth of its roots. In this masterfully told account, preeminent Middle East expert Juan Cole takes us back to Islam's—and the Prophet Muhammad's—origin story. Cole shows how Muhammad came of age in an era of unparalleled violence. The eastern Roman Empire and the Sasanian Empire of Iran fought savagely throughout the Near East and Asia Minor. Muhammad's profound distress at the carnage of his times led him to envision an alternative movement, one firmly grounded in peace. The religion Muhammad founded, Islam, spread widely during his lifetime, relying on soft power instead of military might, and sought armistices even when militarily attacked. Cole sheds light on this forgotten history, reminding us that in the Qur'an, the legacy of that spiritual message endures. A vibrant history that brings to life the fascinating and complex world of the Prophet, Muhammad is the story of how peace is the rule and not the exception for one of the world's most practiced religions.

Jesus and Muhammad are two of the best known and revered figures in history, each with a billion or more global followers. Now, in this intriguing volume, F.E. Peters offers a clear and compelling analysis of the parallel lives of Jesus and Muhammad, the first such in-depth comparison in print. Like a detective, Peters compiles "dossiers" of what we do and do not know about the lives and portraits of these towering figures, drawing on the views of modern historians and the evidence of the Gospels and the Quran. With erudition and wit, the

author nimbly leads the reader through drama and dogma to reveal surprising similarities between the two leaders and their messages. Each had a public career as a semi-successful preacher. Both encountered opposition that threatened their lives and those of their followers. Each left a body of teaching purported to be their very words, with an urgent imperative that all must become believers in the face of the approaching apocalypse. Both are symbols of hope on the one hand and of God's terrible judgment on the other. They are bringers of peace--and the sword. There is, however, a fundamental difference. Muslims revere Muhammad ibn Abdullah of Mecca as a mortal prophet. Although known as a prophet in his day, the Galilean Jew Jesus was and is believed by his followers to have been the promised Messiah, indeed the son of God. The Quran records revelations received by Muhammad as the messenger of God, whereas the revelations of the Gospels focus on Jesus and the events of his life and death. A lasting contribution to interfaith understanding, Jesus and Muhammad offers lucid, intelligent answers to questions that underlie some of the world's most intractable conflicts.
