2005), Bonn (August 2006), Berlin (July 2007), and L'Aquila (September 2008). The aim of the FMICS workshop series is to provide a forum for researchers who are interested in the development and application of formal methods in industry. In particular, these workshops bring together scientists and engineers who are

active in the area of formal methods and are interested in exchanging their experiences in the industrial usage of these methods. These workshops also strive to promote research and development for the improvement of formal methods and tools for industrial applications. The FMICS 2009 workshop was part of FMweek, the 1st Formal
