About the Author Johnny Lung, the founder of Respiratory Therapy Zone, is a Registered Respiratory Therapist who has helped thousands of students pass the licensure board exams through books, videos, study guides, and online courses. You can learn more by going to RespiratoryTherapyZone.com What Students are Saying "I passed it on my first attempt, just like you said." - Deanna H. "They helped me pass boards on my first attempt, and thankfully they're much more affordable than the other study guides out there." - Joy A. "I love their practice questions! I highly recommend to their resources for the TMC Exam and Clinical Sims." - Megan L. "Their practice questions are challenging and really make you think! So helpful!" - Susanna H. "They keep the information basic and easy to understand without all the complicated nonsense. I highly recommend their stuff for the board exams." - Timothy H.

The X-Ray Technician Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam, including but not limited to: radiologic procedures and radiographic techniques; radiographic exposure; anatomy, physiology systems and pathology; radiation protection and radiobiology; electrical and radiation physics; and other related areas.

This is a Pageburst digital textbook; the product description may vary from the print textbook. Prepare for success on respiratory therapy credentialing exams! Updated to reflect the 2009 National Board of Respiratory Care (NBRC) content outlines, Sills' The Comprehensive Respiratory Therapist's Exam Review, 5th Edition helps you review for both entry and advanced level credentialing exams. It covers every testable subject, providing content review, self-assessment questions, and study hints. The new Evolve website contains electronic testing offering realistic practice for the entry-level credentialing exam and the advanced-level credentialing Written Registry Exam (WRE) and Clinical Simulation Exam (CSE). Unique! Exam Hint boxes point out subjects that are frequently tested, helping you study, plan your time, and improve your test-taking skills. Self-study questions are included at the end of each chapter, accompanied by answers and rationales in the back of the book. Complexity level codes (recall, application, and analysis) help you prepare for questions in the way that is most appropriate (e.g., memorization for recall or synthesis for analysis). NBRC content outline coding provides a code for each topic so you can be sure that you have covered every topic that might appear on the exam. CRT and RRT level codes speed your review by identifying the individual topics for the CRT and RRT exams, as well as topics for both. The Evolve website includes practice tests so you can assess your understanding before and after you have reviewed, allowing for practice in the computerized exam format. All online practice tests include the same number of questions as the actual exams, with 160 questions for the CRT review, 115 questions for the WRE review, and 11 practice simulations for the CSE review. A question randomizing feature ensures that you never have to take the same practice test twice. Study mode allows you to answer questions and get immediate feedback. Exam mode lets you take a timed exam with feedback after the test is completed. One text now covers both the entry and advanced levels of Respiratory Therapists credentialing exams, so you need only one book to prepare for CRT and RRT credentials. Updated content reflects the NBRC's new examination content outlines, so you get an accurate, current review. New coverage includes subject areas such as CPAP/BiPAP titration during sleep, hemodynamic monitoring, hyperinflation therapy, laryngeal mask airway, high frequency ventilation, oxygen titration, thoracentesis, ultrasound, and ventilator-associated pneumonia protocols. An Evolve website includes both CRT and RRT practice exams.
