Otto of the Silver Hand is a children's novel about the Middle Ages written and illustrated by Howard Pyle. It was first published in 1888 by Charles Scribner's Sons. The novel was one of the first written for young readers that went beyond the chivalric ideals of the time period, and showed how cruel the time period could really be.

Otto of the Silver Hand is one of Pyle’s classic medieval adventures, following a hero trying to help a fair lady and battling monsters. Pyle, of course, had plenty of practice writing these types of stories, having already tried his hand at King Arthur’s legends.

"A personification of divine forgiveness."-Jill P. May "From American history books to Pirates of the Caribbean, the work of Howard Pyle continues to captivate us..."-Big Think "...it has a significant, universal theme, and it presents the details of daily life in Germany of the thirteenth century accurately and unobtrusively, making the period real and alive."-Malcolm Usrey "He is as careful and painstaking and artistic with his children's books as the very best novelist are with their novels...But best of them all is Pyle's Otto of the Silver Hand. It is a story of German chivalry in the days of the robber barons."-Willa Cather Otto of the Silver Hand (1888), Howard Pyle's first novel for children, is a grim yet empowering narrative of medieval Germany, following the adventures of a young hero caught between the power struggles of two families. With its gripping battle scenes, romance, and villainous warlords, this is a reading experience that continues to thrill over one hundred years after its initial publication. Otto, a gentle boy born to a noble germanic family in the middle ages, has been raised in the compassionate seclusion of a monastery to protect him from the violent rivalries of his family. When the boy turns twelve years old he is retrieved back to Drachenhausen, his ancestral castle to begin his training in knighthood. Soon Otto discovers that his father, the Baron Conrad, a brutal robber baron, is in the midst of a savage vendetta with his the family of his slain foe, the Baron Fredrick. When Otto's father and his knights are summoned to the Imperial Court the Fredrick clan attacks Castle Drachenhausen, burns it to the ground, and kidnaps the boy. Baron Henry, the heir of Fredrick's clan, keeps Otto in the dungeon of his own fortress. Until his father arrives to rescue him, Otto experiences both terrible brutality and the gentle affections of Henry's beautiful daughter. Through Otto's ordeals and suffering he recognized the deficiencies of the human character, yet he rose above the wickedness with his gentleness and love. With an eye-catching new cover, and professionally typeset manuscript, this edition of Otto of the Silver Hand is both modern and readable.

Born into a robber baron's household in medieval Germany, young Otto is caught in the middle of a violent blood feud. Nevertheless, the lad grows up to be a gentle and loving person. 55 illustrations.

Orphaned and abandoned at birth, Otto is thrust into terrible circumstances time and time again as the result of the decades-long feud in which his family is embroiled. However, even in spite of the almost unimaginable adversity he faces, the young boy's character is strong and he makes the best of his situation. Otto of the Silver Hand is an engaging and inspiring read for young and old alike.

Otto of the Silver Hand by Howard Pyle, first published in 1888, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

Master storyteller Howard Pyle at his best, incorporating fascinating historical information about life in a medieval castle, knighthood, and chivalry into the fast-moving and entertaining story of young Myles Falworth's fight to restore his family's rights and good name.

Readers have ringside seats to historical events as they follow an English lad to the Holy Land as part of King Richard's crusading army, experience the excitement of battle, and share the boy's perilous adventures during his return trip across Europe to England.

Born into a family that is already engaged in a blood feud with another noble house, Otto is sent to live with monks, but is reclaimed at age 12 by his militant, but loving father. The gentle-natured boy is kidnapped and mutilated by the rival family. Pauline, his captors daughter helps him escape. His father allows him to return to the monks who place him under the emperor's protection. His silver hand is a replacement for the one Otto lost while in captivity, but his injury does not prevent him from maturing wisely and marrying Pauline.

Stories and descriptions of famous pirates and buccaneers.
