[PDF] Oxford Guide To British And American Culture ...

Guide to Oxford Oxford is steeped in history, adorned with striking architecture that has inspired many films. It's also home to the University of Oxford, the world's second oldest surviving university. It is an idyllic choice for a mini-break.

A richly-illustrated and fascinating source of information about everything that is important in British and American culture.

The growing interest today in women's writing has led to a re-evaluation of British literary history, emphasizing the vitality of both well-known women writers and bringing to light the work of numerous hitherto forgotten figures. Assuming no previous knowledge on the part of readers, TheOxford Guide to British Women Writers provides in a single volume an accessible and stimulating beginner's guide to the widest range of British women's writing, from the earliest times to the present.Entries on some 400 writers from Aphra Behn to Jeanette Winterson and Mary Wollstonecraft to Barbara Cartland offer a brief outline of

each woman's life, her major publications, contemporary critical reception, and an evaluation of significant features of her work, together with suggestions for further reading. The range of writers discussed includes novelists, poets, and playwrights, together with mystics, diarists, travel writers, scientists and translators. The editor has carefully selected a number of non-British writers such as Sylvia Plath, who have had an important influence on the British literary scene. In addition, the Guide features subject entries and cross-references to pseudonyms and maiden names, and provides an extensive general bibliography on women's writing. It also features entries on such topics as sub-genres of women's writing and women's literary magazines and organizations. Concise, informative and well-organized, The Oxford Guide to British Women Writers will be an invaluable introduction for all readers and students of women's writing. In addition, the Guide features entries on such topics as sub-genres of women's writing and women's literary magazines and organizations. With cross-references to pseudonyms and maiden names, this clear, concise book will be an invaluable source for all readers, scholars, and students of women's writing.

Provides guidance on writing clearly and effectively, covering such topics as sentence length, active and passive verbs, punctuation, grammar, and proofreading.

This guide highlights the place of translation in our culture, encouraging awareness of the process of translating and the choices involved, making the translator more 'visible'. Concentrating on major writers and works, it covers translations out of many languages, from Greek to Hungarian, Korean to Turkish. For some works (e.g. Virgil's Aeneid) which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available.

The rich, the famous and the infamous, history, tradition, folklore, legends, nursery rhymes, festivals, music, food, and attitudes. Up-to-date lists of the books that have won the big literary prizes to help you choose what to read. Selected bibliographies for further reading. Ideal reference support for culture and institutions courses and inter-cultural awareness training. Over 10,000 entries and hundreds of illustrations.

An unrivalled guide to everything that is important in British and American culture.

The Oxford Guide to English Usage is an essential theme-by-theme guide to correct written and spoken English. Its unique organization by subject gives a complete overview of English usage, providing full advice on both rules and exceptions. Now thoroughly revised to incorporate the latest spelling, pronunciation, and usage information from Oxford's most up-to-date dictionaries, the Guide illustrates points of usage with quotations from real authors, from Virginia Woolf to David Lodge.

This practical introduction to word history investigates every aspect of where words come from and how they change. Philip Durkin, chief etymologist of the Oxford English Dictionary, shows how different types of evidence can shed light on the myriad ways in which words change in form and meaning. He considers how such changes can be part of wider linguistic processes, or be influenced by a complex mixture of social and cultural factors. He illustrates every point with a wide range of fascinating examples. Dr Durkin investigates folk etymology and other changes which words undergo in everyday use. He shows how language families are established, how words in different languages can have a common ancestor, and the ways in which the latter can be distinguished from words introduced through language contact. He examines the etymologies of the names of people and places. His focus is on English but he draws many examples from languages such as French, German, and Latin which cast light on the pre-histories of English words. The Oxford Guide to Etymology is reliable, readable, instructive, and enjoyable. Everyone interested in the history of words will value this account of an endlessly fascinating subject.
