Written by experienced authors who share academic as well as real-world practices, this text features exceptionally comprehensive yet manageable coverage of a broad spectrum of E-commerce essentials from a global point of view. The new edition pays special attention to the most recent developments in online behavior in our business, academic, and personal lives. Introduction to E-Commerce and E-Marketplaces; Internet Consumer Retailing; Business-to-Business E-Commerce; Other EC Models and Applications; EC Support Services; EC Strategy and Implementation; Application Development Perfect for anyone looking for a brief or supplemental text on EC. Ideal for busy executives.

A balanced, holistic approach to understanding business analytics. This book provides readers with the fundamental concepts and tools needed to understand the emerging role of business analytics in organizations. Evans also shows readers how to apply basic business analytics tools in a spreadsheet environment, and how to communicate with analytics professionals to effectively use and interpret analytic models and results for making better business decisions.

Miller's name appears first on the earlier editions.

"Business in Action, 3/E" is an introduction to business that provides readers with a wealth of the most current information available, allowing them to experience firsthand a variety of highly involving information that no other book on the market can match. Numerous cases and examples simplify the material, encourage active reading, and provide a life-long useful reference source. Topics include: the global economy, starting and organizing a small business, management issues, human resources and employee relations, marketing strategies, and financial information and resources. An excellent resource for managers, corporate trainers, and those interesting in owning and operating small to medium businesses; this book is also a must-read for people just entering the corporate job market.
