Emergency Medicine Recall is an important addition to the successful RECALL series, which uses a double-column, rapid-fire, question and answer format to help medical students, residents, nurse practitioners, physician assistants and other healthcare professionals to recall important information presented on wards. This information also is critical for USMLE test preparation. The text contains many patient management questions that are written in the emergency room setting, thus preparing students for questions that address EM-specific issues.

An imaginative young child has a wonderful time playing with a box he receives for his birthday. On board pages.

Wonderland finally seems as if it's getting back to normal. Queen Alyss is back on the throne, and reunited with her childhood sweetheart, Dodge. But the fight for Wonderland is far from over. King Arch, in nearby Boarderland, is conniving to overthrow everything for which Alyss and her friends have fought so hard. Even worse, King Arch has found an ally in the recently returned Redd, who has been biding her time and gathering new and evil assassins in the Catacombs of Paris. With enemies circling and danger looming, someone close to Alyss lets her down—and threatens the future of Wonderland forever.

The allied factions of humanity, along with the waning Ildiran Empire and the powerful water elementals and sentient trees, have defeated the near-invincible alien race of the hydrogues, driving them back into the depths of gas-giant planets. But before peace can heal the wounds between the races, two ancient enemies return: the capricious fiery elementals, the faeros, who mean to burn all those who fought alongside their mortal enemies. And the lost hive race of the Klikiss, who intend to reclaim all the worlds they inhabited 10,000 years earlier, worlds that are now home to many human colonies. Meanwhile, the leader of the Terran Hanseatic League, Chairman Basil Wenceslas, intends to pull all of humanity's unruly stepchildren into his iron grip - even if it means he has to hold the Ildiran Mage-Imperator hostage, risking renewed war with an entire alien civilization. THE ASHES OF WORLDS brings to a thrilling conclusion the myriad storylines of galactic warfare and personal betrayals, starlost romances and titanic alien conflicts.
