Sound Reproduction

The Acoustics and Psychoacoustics of Loudspeakers and Rooms

Third Edition explains the physical and perceptual processes that are involved in sound reproduction and demonstrates how to use the processes to create high-quality listening experiences in stereo and multichannel formats. Understanding the principles of sound production is necessary to achieve the goals of sound reproduction in spaces ranging from recording control rooms and home listening rooms to large cinemas. This revision brings new science-based perspectives on the performance of loudspeakers, room acoustics, measurements and equalization, all of which need to be appropriately used to ensure the accurate delivery of music and movie sound tracks from creators to listeners. The robust website (www.routledge.com/cw/toole) is the perfect companion to this necessary resource.

A transistor-level, design-intensive overview of high speed and high frequency monolithic integrated circuits for wireless and broadband systems from 2 GHz to 200 GHz, this comprehensive text covers high-speed, RF, mm-wave, and optical fibre circuits using nanoscale CMOS, SiGe BiCMOS, and III-V technologies. Step-by-step design methodologies, end-of chapter problems, and practical simulation and design projects are provided, making this an ideal resource for senior undergraduate and graduate courses in circuit design. With an emphasis on device-circuit topology interaction and optimization, it gives circuit designers and students alike an in-depth understanding of device structures and process limitations affecting circuit performance.

This enhanced eBook edition contains more than thirty minutes of video, featuring tips on picking the right ingredients, advice from experts on meat, poultry, and cheeses, and cooking demonstrations of Venable family recipes by David and his mom.* David Venable will be the first to tell you: He loves his food. And as the beloved host of QVC's popular program, In the Kitchen with David,® he's put that passion on mouthwatering display, welcoming some of the greatest names in the food world. But Venable's own culinary skills—honed in the Carolina kitchens of his mother and grandmothers—are nothing short of remarkable and tantalizing. Now, in his anticipated debut cookbook, Venable shares 150 delicious recipes of hearty, easy-to-make, comforting dishes. In the Kitchen with David covers everything from appetizers and breads to soups and salads to main courses and sides, as well as his lifelong love of bacon (The Divine Swinel). You'll get ideas for quick Monday-to-Friday dinners, let-it-cook-all-weekend suppers, savory breakfasts and brunches, cocktail party fun, game-day eats, and family reunion feasts. And of course, no Southern-influenced cookbook is complete without a little something sweet. Venable's favorites include Party Starters: White Bean and Sun-Dried Tomato Dip, Chicken Nachos, Cheddar-Broccoli Poppers with Ranch Dipping Sauce, Cheesy Crab Stuffed Mushrooms Supporting Players: Summer Squash Fritters with Garlic Dipping Sauce, Scrumptious Hush Puppies, Mom's "Browned" Rice, Sweet Potato-Pineapple Casserole Main Events: Breaded Pork Cutlets, Chicken Marsala, Braised Beef Short Ribs, Low Country Boil Sweet, Sweet Gratification: Deep Dish Apple Pie, Flourless Chocolate Cake, Banana Pudding Cheesecake, Peach Cobbler Loaded with gorgeous photographs, helpful "Dishin'" with David" tips, and personal anecdotes. In the Kitchen with David encourages you and your family to gather around the dinner table for great meals and, more important, great memories. After all, the portions are generous; the options are limitless. Foreword by Paula Deen Advance praise for In the Kitchen with David "David Venable's unbridled love for good, hearty comfort food is absolutely infectious. He knows what delicious food tastes like, and one peek at the recipes in his book had me positively drooling. I haven't been this excited about a cookbook in a long, long time!" —Ree Drummond, #1 New York Times bestselling author of The Pioneer Woman Cooks "David definitely knows his way around the kitchen, and he sure gets cooking with some comfort food in this book. And that's saying something coming from the two of us comfort food lovers!" —Pat and Gina Neely, hosts of Down Home with the Neelys *Video may not play on all readers. The difference between seeing and looking is essential—much like the difference, in music, between hearing and listening. In Creative Visualization, master photographer, photo educator and photo instructor Rick Sammon presents his proven methodology for creative digital photography. His signature inspiring and motivating approach opens creative avenues for photographers in a variety of genres. With easy-to-follow examples, Sammon shows you how simple changes—with visualization, composition, post-processing, and more—can mean the difference between a snapshot and a great shot. This book, illustrated with more than 300 of Rick's photographs, includes invaluable information about exposure, composition, subject choice, lighting, mood, and depth. In the Food for Thought section, Rick offers guidelines for setting goals, getting motivated, connecting with a subject, learning, painting with light, thinking like a painter and more. In Develop Your Creative Vision, Rick takes you on an exploration of composition, exposure, making images with impact, creating a mood, altering reality, and pursuing your passion. Corrective and creative image processing techniques, as well as HDR, EDR, panoramas and black-and-white imaging, are covered in the Image Processing Specialties section. Rick also shares a chapter on self-assignments – photo challenges – that you can use to expand your photographic horizons. Canon Explorer of Light and master photographer Rick Sammon shares the secrets behind learning to see photographically, to make the necessary changes that will have a noticeable impact on your photographs Includes easy-to-follow instruction for post-processing techniques in Lightroom and Photoshop. Tips for making the best HDR and EDR images are also included, as well as illustrations of how plug-ins can help photographers awaken the artist within. Uses clear, visual examples of "photo failures" photographs side-by-side with successful ones, outlining the small, but important changes—to composition, framing, exposure, etc.—that can immediately make a significant difference

A look at the German High Command during World War II challenges the myth that the German Generals could have won the war had Hitler not interfered, and maps out the history and the personalities of the German Command Structure.
