I read 'Power Exchange' immediately having finished AJ Rose's 'The Yearning'. I read the book in one sitting. It is very cleverly crafted, with completely believable characters and several plot lines which converge beautifully at the end.

Just finished A.J. Rose's Paranormal Reaper series which I adored and Power Exchange Book 1 of 3. This series has been one of the best sexy, murder mystery, with delving into the BDSM scene, one book at a time. So you think it was because of the sex right? This story was not anything hard core, it was intimate, with a male

Former detective Gavin DeGrassi likes his new life and his job as a university professor, molding the minds of the next generation of law enforcement. It keeps him in the field he loves, but out of the media and out of the danger he seems to draw. He's settled and happy with his partner and Dom, Ben Haverson. Until a middle of the night phone call from his brother, Cole, whose desperation and fear yank him back into the world of criminals and countdowns. Only this time, the stakes are much higher. Detective Myah Hayes, Gavin's sister-in-law and former partner, has a past of her own, one that has returned to claim her. With only their instincts and the help of a rogue CSI, Gavin, Ben, and Cole will do whatever it takes to find Myah, following a flimsy trail of evidence to Chicago, where all is not what it seems-dirty cops, moral pimps, and a nest of snakes who call themselves businessmen. They're on a collision course with the worst of humanity, and more than Myah's life is caught in the vortex. Can they find her, and if they do, will there be anything left to save?

From the moment Detective Gavin DeGrassi steps into the world of BDSM to solve the brutal slaying of Dom George Kaiser, his course is not his own. Mesmerized by the context in which the victim lived and the images of the lifestyle seared into his soul, Gavin must find a way to navigate these unknown waters. With his personal life in upheaval due to marital trouble, and his professional life uncertain with the assignment of a new partner, Gavin needs all the help he can get understanding the case. Enter Ben Haverson, a psychologist and a well known Dom. With Ben's help as a consultant and attention to Gavin's own murky truths, Gavin delves deeper than he ever thought he would into the world of restraints and paddles. Forced to scrutinize his true nature and his innermost desires, Gavin has a choice: keep the fear of submitting at bay, or dive in and solve the case with the knowledge he gains. When another victim is discovered, Gavin's choice is made for him, and he's pulled headlong into the deepest, most emotional journey of his life. Unfortunately for him and Ben, a killer has noticed, has taken stock, and has set his sights on the D/s pair. Can Gavin outwit him, or will his first exchange of power be his last?

Within her walls are stories. Love. Laughter. Tears. Lives lived to the fullest, and sometimes cut short before they really get started. She's seen it all, from homelessness to super-stardom, boys dressed as girls, girls dressed as lamps, and boy, does she have secrets she could tell. Her one truth is that everyone who darkens her doors is accepted with open arms and a song. Her name is Queers, and for one of L.A.'s few dueling piano bars, she has a lot of heart. On her stage, the beautiful voice of Duff McKinley rings so true he captures the shattered heart of his boss, Brad Mosely, who checked out of life three years ago. But even lifelong dreams have untold consequences. Duff came to L.A. to chase his musical aspirations, but his best friend Garrett Slater accompanied him to chase a wish of his own: finding The One, his white knight. He believes Landon Kennedy fits the bill. Suave, handsome, and powerful in the music industry, Landon can show Garrett a life he's only seen in movies. But even as Landon helps Duff realize his dreams, he brings Garrett into a nightmare he may never leave, one from which Garrett's roommate, Jackson Moriarty, is determined to rescue him. If Garrett repays Jackson by seeing his own charms, so much the better. Yes, within her walls, Queers has long history. Unrequited love, sinister intentions, fame, fortune, and a group of friends and lovers who would do anything for each other no matter

Groundbreaking new research shows that by grabbing hold of the three-step "loop" all habits form in our brains--cue, routine, reward--we can change them, giving us the power to take control over our lives. "We are what we repeatedly do," said Aristotle. "Excellence, then, is not an act, but a habit." On the most basic level, a habit is a simple neurological loop: there is a cue (my mouth feels gross), a routine (hello, Crest), and a reward (ahhh, minty fresh). Understanding this loop is the key to exercising regularly or becoming more productive at work or tapping into reserves of creativity. Marketers, too, are learning how to exploit these loops to boost sales; CEOs and coaches are using them to change how employees work and athletes compete. As this book shows, tweaking even one habit, as long as it's the right one, can have staggering effects. In *The Power of Habit*, award-winning New York Times business reporter Charles Duhigg takes readers inside labs where brain scans record habits as they flourish and die; classrooms in which students learn to boost their willpower; and boardrooms where executives dream up products that tug on our deepest habitual urges. Full of compelling narratives that will appeal to fans of Michael Lewis, Jonah Lehrer, and Chip and Dan Heath, *The Power of Habit* contains an exhilarating argument: our most basic actions are not the product of well-considered decision making, but of habits we often do not realize exist. By harnessing this new science, we can transform our lives.

Christo's life fell apart when his partner of eight years walked out on him. There wasn't even a reason for it: sometimes love just fades, as quickly and mysteriously as it appears in the first place. Enter Damien. Damien's the guy with a different man on his arm for every event, he's smooth and arrogant and always impeccably turned out. Christo hates him. But God, he's gorgeous. Damien could be exactly what Christo needs to get him over John. It's only going to be a fling. Nothing serious, nothing that will affect their working relationship or the rest of their lives. So why are they fighting through the night rather than letting go and walking away? Why does Damien's secretive nature bug Christo so much? And why does he even care that the other man might not be as tough as he pretends to be?

A NEW YORK TIMES NOTABLE BOOK It is 1901 and Buffalo, New York, stands at the center of the nation's attention as a place of immense wealth and sophistication. The massive hydroelectric power development at nearby Niagara Falls and the grand Pan-American Exposition promise to bring the Great Lakes "city of light" even more repute. Against this rich historical backdrop lives Louisa Barrett, the attractive, articulate headmistress of the Macaulay School for Girls. Protected by its powerful all-male board, "Miss Barrett" is treated as an equal by the men who control the life of the city. Lulled by her unique relationship with these titans of business, Louisa feels secure in her position, until a mysterious death at the power plant triggers a sequence of events that forces her to return to a past she has struggled to conceal, and to question everything and everyone she holds dear. Both observer and participant, Louisa Barrett guides the reader through the culture and conflicts of a time and place where immigrant factory workers and nature conservationists protest violently against industrialists, where presidents broker politics, where wealthy "Negroes" fight for recognition and equality, and where women struggle to thrive in a system that allows them little freedom. Wrought with remarkable depth and intelligence, *City of Light* remains a work completely of its

own era, and of ours as well. A stirring literary accomplishment, Lauren Belfer's first novel marks the debut of a fresh voice for the new millennium and heralds a major publishing event.

Grif believes he'll live his life as a virgin. After all, who would want him? How could anyone find him, a guy who came with less than man-sized equipment, worthy of their love? What he hadn't counted on were the two amazing men who would change his life. After entering college, he meets Tate, his fun-loving, wealthy roommate. While years later, with Tate now just a memory, Wes, a handsome, rugged ex-marine who runs his own security firm enters his life. Both men force him to see his value, despite his size and insecurities.

When the right dom is all wrong! Even in a BDSM universe, where everyone is bisexual and identifies as dom or sub, finding the right partner isn't always easy. Matt is a big star on the hit TV show, Collar Crime, and he's looking for a dom who ticks all the right boxes, including being as tidy and organised as himself. That definitely isn't his chaotic co-star, Rick, with his spanking fetish and habit of tying a different sub to his bed every night. When Matt meets the perfect dom he's swept off his feet, but he soon discovers that being pursued by a handsome, controlling billionaire isn't the erotic fantasy he'd imagined. Maybe the right dom for him is the one he thought was all wrong...

They have names like Barmy Bernie, Daft Donald, and Steamin' Sammy. They like lager (in huge quantities), the Queen, football clubs (especially Manchester United), and themselves. Their dislike encompasses the rest of the known universe, and England's soccer thugs express it in ways that range from mere vandalism to riots that terrorize entire cities. Now Bill Buford, editor of the prestigious journal *Granta*, enters this alternate society and records both its savageries and its sinister allure with the social imagination of a George Orwell and the raw personal engagement of a Hunter Thompson.
