New York City named Lew Alcindor, he accepted a scholarship from UCLA largely on the strength of Coach John Wooden's reputation as a winner. It turned out to be the right choice, as Alcindor and his teammates won an unprecedented three NCAA championship titles. But it also marked the beginning of one of the most extraordinary and enduring friendships in the history of sports. In *Coach Wooden and Me*, Abdul-Jabbar reveals the inspirational story of how his bond with John Wooden evolved from a history-making coach-player mentorship into a deep and genuine friendship that transcended sports, shaped the course of both men's lives, and lasted for half a century. *Coach Wooden and Me* is a stirring tribute to the subtle but profound influence that Wooden had on Kareem as a player, and then as a person, as they began to share their cultural, religious, and

family values while facing some of life's biggest obstacles. From his first day of practice, when the players were taught the importance of putting on their athletic socks properly; to gradually absorbing the sublime wisdom of Coach Wooden's now famous "Pyramid of Success"; to learning to cope with the ugly racism that confronted black athletes during the turbulent Civil Rights era as well as losing loved ones, Abdul-Jabbar fondly recalls how Coach Wooden's fatherly guidance not only paved the way for his unmatched professional success but also made possible a lifetime of personal fulfillment. Full of intimate, never-before-published details and delivered with the warmth and erudition of a grateful student who has learned his lessons well, Coach Wooden and Me is at once a celebration of the unique philosophical outlook of college basketball's most storied coach and a

An irreverent critique of big-time NCAA basketball by the author of the popular Club Trillion blog describes how his ambition to become a doctor was sidelined so that that he could join the elite Buckeyes in spite of his lesser talents, which rendered him perpetually benched and ironically scouted by the Harlem Globetrotters.

As a living legend among sports fans, Red Auerbach -- the fiery coach who led the Boston Celtics to nine NBA championships, eight of them consecutive -- has long been renowned for his formidable personality: brash, opinionated, and unfailingly accurate. As a coach, he had a great eye for talent, drafting such Hall of Famers as Bill Russell and Larry Bird, and managed to build a powerful franchise with an abiding legacy. Red never stood still along the sidelines and was never seen without his trademark cigar. Now in retirement, at age eighty-seven, he remains a lively part of the game, still consulted by coaches, players, and general managers. And his admirers continue to be legion. Not long ago a former president postponed a meeting with Bill Gates so as not to pass

championships than any coach in the history of professional sports. Even more important, he succeeded in never wavering from coaching his way, from a place of deep values. Jackson was tagged as the “Zen master” half in jest by sportswriters, but the nickname speaks to an important truth: this is a coach who inspired, not goaded; who led by awakening and challenging the better angels of his players’ nature, not their egos, fear, or greed. This is the story of a preacher’s kid from North Dakota who grew up to be one of the most innovative leaders of our time. In his quest to reinvent himself, Jackson explored everything from humanistic psychology and Native American philosophy to Zen meditation. In the process, he developed a new approach to leadership based on freedom, authenticity, and selfless teamwork that turned the hypercompetitive world of professional

sports on its head. In *Eleven Rings*, Jackson candidly describes how he:

- Learned the secrets of mindfulness and team chemistry while playing for the champion New York Knicks in the 1970s
- Managed Michael Jordan, the greatest player in the world, and got him to embrace selflessness, even if it meant losing a scoring title
- Forged successful teams out of players of varying abilities by getting them to trust one another and perform in sync
- Inspired Dennis Rodman and other “uncoachable” personalities to devote themselves to something larger than themselves
- Transformed Kobe Bryant from a rebellious teenager into a mature leader of a championship team.

Eleven times, Jackson led his teams to the ultimate goal: the NBA championship—six times with the Chicago Bulls and five times with the Los Angeles Lakers. We all know the

This book is full of revelations: about fascinating personalities and their drive to win; about the wellsprings of motivation and competition at the highest levels; and about what it takes to bring out the best in ourselves and others.
