In the heart of Ohio, Jessie Shimmer is caught up in hot, magic-drenched passion with her roguish lover, Cooper Marron, who is teaching her how to tap her supernatural powers. When they try to break a drought by calling down a rainstorm, a hellish portal opens and Cooper is ripped from this world, leaving Jessie fighting for her life against a vicious demon that's been unleashed. In the aftermath, Jessie, who knows so little about her own true nature, is branded an outlaw. She must survive by her wits and with the help of her familiar, a ferret named Palimpsest. Stalked by malevolent enemies, Jessie is determined to find out what happened to Cooper. But when she moves heaven and earth to find her man, she'll be shocked by what she discovers—and by what she must

imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

With a foreword by Yakov Rekhter

Kings and queens, British prime ministers, American presidents, countries of Europe... We should all know these things - but like me, you're probably resigned to being the kind of person that just never will. Now Grandmaster of Memory Ed Cooke offers up his memory secrets with a fun, quick and completely unforgettable way to remember the things you thought you never could. But this is no boring Willy, Willy, Harry, Ste. With Ed leading the way on unlikely adventures through people and places, Abraham Lincoln may become a circle of bra-wearing hams linking arms in your mind, and you may well encounter a fridge wearing Calvin Klein underpants. You could also soon find yourself rattling off the prime ministers to a rapt audience and adding, in a knowing tone, 'ah yes, Marquess of Rockingham, Whig I believe?'. What is for sure is that you'll be bursting with knowledge that will stick in your mind and impress your friends for ever.

When her company sends her to Venice, Italy to chat up existing and potential clients, she resigns herself to a week of complete boredom until she meets Antonio, a follower of Bacchus. Antonio brings her to a masquerade that is anything but boring. Seduced in Venice is a sexy, confessional style 12,000 word short erotic story that contains elements of group sex, sex toys, multiple partners, a Roman orgy and food play. For adult audiences only.
