This workbook is a direct compliment to the "Refrigerant Charging and Service Procedures for Air Conditioning" text. Each copy of the book includes a removable answer key for quick reference and use. This workbook follows the text chapter by chapter providing over 1,000 supportive questions and problems to test your understanding of the various procedures, methods, and steps stated in the book. This workbook can also help readers retain information such as the refrigeration cycle and components used in each system. Custom images are used to display charging scenarios and troubleshooting. Test your knowledge as you solve each problem and question!

The story of a dog, his human, and the friendship that saved both of their lives. When Ben Moon moved from the Midwest to Oregon, he hadn't planned on getting a dog. But when he first met the soulful gaze of a rescue pup in a shelter, Ben instantly felt a connection, and his friendship with Denali was born. The two of them set out on the road together, on an adventure that would take them across the American west and through some of the best years of their lives. But when Ben was diagnosed with colorectal cancer at age 29, he faced a difficult battle with the disease, and Denali never once left his side until they were back out surfing and climbing crags. It was only a short time later that Denali was struck by the same disease, and Ben had the chance to return the favor. Denali is the story of this powerful friendship that shaped Ben and Denali's lives, showing the strength and love that we give and receive when we have our friends by our side.

From Laurie Frankel, the New York Times bestselling author of *This Is How It Always Is*, a Reese's Book Club x Hello Sunshine Book Pick, comes *One Two Three*, a timely, topical novel about love and family that will make you laugh and cry...and laugh again. In a town where nothing ever changes, suddenly everything does... Everyone knows everyone in the tiny town of Bourne, but the Mitchell triplets are especially beloved. Mirabel is the smartest person anyone knows, and no one doubts it just because she can't speak. Monday is the town's purveyor of books now that the library's closed—tell her the book you think you want, and she'll pull the one you actually do from the microwave or her sock drawer. Mab's job is hardest of all: get good grades, get into college, get out of Bourne. For a few weeks seventeen years ago, Bourne was national news when its water turned green. The girls have come of age watching their mother's endless fight for justice. But just when it seems life might go on the same forever, the first moving truck anyone's seen in years pulls up and unloads new residents and old secrets. Soon, the Mitchell sisters are taking on a system stacked against them and uncovering mysteries buried longer than they've been alive. Because it's hard to let go of the past when the past won't let go of you. Three unforgettable narrators join together here to tell a spellbinding story with wit, wonder, and deep affection. As she did in *This Is How It Always Is*, Laurie Frankel has written a laugh-out-loud-on-one-page-grab-a-tissue-the-next novel, as only she can, about how expanding our notions of normal makes the world a better place for everyone and how when days are darkest, it's our daughters who will save us all.

"Under the Red Roof: One Hundred Years at Northern State Hospital" chronicles the true story of the rise and fall of an insane asylum in the frontier town of Sedro-Woolley, Washington. The author gathered interviews with medical staff, patient families and townsfolk. The book describes a unique interdependency between patients and staff whereby meaningful work contributed to a patient's recovery from mental illness, where possible.
