This book gathers selected research papers presented at the AICTE-sponsored International Conference on IoT Inclusive Life (ICIIL 2019), which was organized by the Department of Computer Science and Engineering, National Institute of Technical Teachers Training and Research, Chandigarh, India, on December 19–20, 2019. In contributions by active researchers, the book presents innovative findings and important developments in IoT-related studies, making it a valuable resource for researchers, engineers, and industrial professionals around the globe.

How to Use Bloom's Taxonomy in the Classroom: The Complete Guide is your one-stop shop for improving the quality of the lessons, questions, activities and assessments you plan. Never before has there been such a detailed, practical analysis of the taxonomy - of how it works, why it works and how you can use it to raise achievement in your classroom

A young boy is worried about what will happen to his body when he hears such expressions as "I'm tongue-tied," "don't give me any of your lip," and "I put my foot in my mouth."

The first two gifts from their leaders made the Jubas a strong and beautiful people, but the third gift was the best of all.

Offering an in-depth exploration of AJAX technologies, this book is ideal for programmers with or without a Web programming background. It provides readers with a detailed code-rich walkthrough on writing AJAX programs, and introduces key AJAX techniques and program models.

With an increase in visits to remote and dangerous locations around the world, the number of serious and fatal injuries and illnesses associated with these expeditions has markedly increased. Medical personnel working in or near such locations are not always explicitly trained in the management of unique environmental injuries, such as high-altitude sickness, the bends, lightning strikes, frostbite, acute dehydration, venomous stings and bites, and tropical diseases. Many health care professionals seek training in the specialty of wilderness medicine to cope with the health risks faced when far removed from professional care resources, and the American College of Emergency Medicine has recently mandated that a minimum level of proficiency needs to be exhibited by all ER physicians in this discipline. This book covers everything a prospective field physician or medical consultant needs to prepare for when beginning an expedition and explains how to treat a variety of conditions in a concise, clinically oriented format.

The United States is one of history's great Christian nations, but our unique history, success, and global impact have seduced us into believing we are something more--God's New Israel, the new order of the ages, the last best hope of mankind, a redeemer nation. Using the subtle categories that arise from biblical narrative, *Between Babel and Beast* analyzes how the heresy of Americanism inspired America's rise to hegemony while blinding American Christians to our failures and abuses of power. The book demonstrates that the church best serves the genuine good of the United States by training witnesses--martyr-citizens of God's Abrahamic empire.

Prim and proper art gallery coordinator Elle Walser is no good at seducing men. Heck, she's been throwing hints at her boss for months, but he's completely clueless. Desperate to escape her mother's matchmaking efforts, she comes up with a plan--buy some lingerie and climb into her boss's bed. The plan goes brilliantly...until she accidentally seduces a sexy stranger instead. Bad boy nightclub mogul Gabe Schultz just had the best almost-sex of his life. Too bad the smoking hot blonde thought he was his brother and bolted before he could finish what they started. Though her holier-than-thou attitude puts a serious damper on his mood, Gabe's never been one to give up on something he wants. And he wants Elle. Now he just needs her to convince her to give him a chance... Each book in the *Come Undone* series is STANDALONE: * *Wrong Bed, Right Guy* * *Chasing Mrs. Right* * *Two Wrongs, One Right* * *Seducing Mr. Right*
