Push CSS3 and your design skills to the limit—and beyond! Representing an evolutionary leap forward for CSS, CSS3 is chock-full of new capabilities that dramatically expand the boundaries of what a styling language can do. But many of those new features remain undocumented, making it difficult to learn what they are and how to use them to create the sophisticated sites and web apps clients demand and users have grown to expect. Until now. This book introduces you to all of CSS3's new and advanced features, and, with the help of dozens of real-world examples and live demos, it shows how to use those features to design dazzling, fully-responsive sites and web apps. Among other things, you'll learn how to:

- Use advanced selectors and an array of powerful new text tools
- Create adaptable background images, decorative borders, and complex patterns
- Create amazing effects with 2D and 3D transforms, transitions, and keyframe-based animations
- Take advantage of new layout tools to solve an array of advanced layout challenges—fast
- Vastly simplify responsive site design using media queries and new layout modules
- Create abstract and scalable shapes and icons with pseudo-elements
- Leverage preprocessors and use CSS like a programming language within a stylesheet context

Don't pass up this opportunity to go beyond the basics and learn what CSS3 can really do!

In her bestselling guide *Can We Help if We're Fabulous*, the irrepressible Peta Mathias shared her thoughts on being a woman. Now, with *Just in Time to be Too Late*, she turns her attention to what it means to be a man in the 21st century. What makes men cry? Why are bad boys so irresistible? What exactly is the point of sport? To what extent is a man's self worth connected to his job? What do men look for in a relationship? Does a man ever get over his first love? Why do men lie? What does he need to be happy? And, of course, why are men like buses? These are just some of the vexing questions Peta looks for answers to. Though she has been married and has had her fair share both of meaningful relationships and flirtatious dalliances, Peta is the first to admit that she knew very little about the opposite sex when she began work on this book - 'A virgin would know more about men than me because she's probably listened more.' Consequently *Just in Time to be Too Late* is an account of Peta's own discoveries as she delves deeper into the mysterious world of men - a highly personal and frequently hilarious pilgrimage that will resonate with women everywhere.

Wanted: Dead or alive. (Alive preferred, just sayin'.) When US Marshal Sam Dunaway comes to Kenton Valley, Texas, to prepare for a murder trial, the last person he expects to run into is his late wife Celine. The same woman who ran off with his life savings and supposedly died in a boardinghouse fire. Plain Jane seamstress Selma Nelson is surely a dead ringer for Celine. Rest assured, the demure dressmaker has a secret or three. Is there a chance Sam will understand if and when she comes clean with the truth? More likely, he'll likely lock her away forever. What a dilemma. Either Sam sets aside his principles and arrests her or lose the love of his life. One thing for certain, he can't deny the resurgence of passion that's fanning the smoldering embers of their former love into a roaring inferno.
